

Nazi Army Faces Black Sea "Dunkirk"

U.S. Navy Admits Losses In "Sparring" Air And Sea "Skirmish" In South Pacific

GRAB'S CHARGES "SCANDALOUS," COURT IS TOLD

"Impertinent, irrelevant and scandalous matter" is contained in the amended petition for dissolution of the Adams Apple Products corporation at Aspers, recently filed in court here by counsel for Eugene G. Grab, according to allegations contained in an answer to that amended petition filed Wednesday afternoon in the office of Prothonotary Lee M. Hartman at the court house by counsel for the corporation.

The paragraphs objected to in Grab's petition are those which claim that on January 23 of last year, David Emanuel and Stanley W. Mann "confederated with each other to put Stanley Mann in full charge of the assets of production and the business conducted by the said corporation for the purpose of enabling them to represent falsely to the authorities in charge of the Selective Service law that the said Stanley Mann was a necessary man in an industrial essential to the war effort and to thereby obtain deferment of Stanley Mann from military or naval service."

Asks Liquidation
The amended petition filed by E. V. Bulleit, Esq., for Mr. Grab was in response to a court order entered after argument following the filing of the original petition. The second petition repeats most of the allegations of the original paper and asks dissolution of the corporation and the appointment of a liquidating receiver.

In the corporation's answer, filed Wednesday by Franklin R. Bigham, Esq., the claim is renewed that Grab has not yet stated a proper cause of action. It claims further that the amended petition by Grab does not conform with the recent court opinion in the case.

The case is being listed for argument again in court here.

County Nurse Gets Promotion In Navy

Miss Helen M. Bunty, of McSherrytown, a director of the Navy Nurse corps, today was promoted to the rank of Lieutenant Commander, the Navy department announced.

Miss Bunty's promotion was included in the list of 15 promotions, including two to Commander, four to Lieutenant Commander and nine to Lieutenant.

77 Selectees To Leave On Monday

The 77 men accepted from Draft District No. 2 of Adams county at Harrisburg on Monday for duty in the Army have been notified to report at 9:30 o'clock next Monday morning at the draft board office here. The buses that will take them to the reception center at New Cumberland will leave at 10 a. m.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Lawrence P. Johnson, Gettysburg R. 1, announce the birth of a daughter, Josephine Lucille, at the Warner hospital this morning.

WAACs May Take Exams Tonight

Without any obligation to enroll, prospective WAAC applicants will be offered mental examinations after the program this evening in the court house and at the recruiting station in the post office building here on Friday.

Army and WAAC officers will attend the rally in the court house this evening when "WAAC Night" will be observed. The services being rendered the nation by the WAACs who are freeing men for field duty and the procedure for enrolling in the Women's Auxiliary Army Corps will be explained by the speakers.

The program will begin at 8 o'clock.

At the post office building on Friday, mental examinations also will be given to 17- and 18-year-old boys who wish to qualify for the Air Corps Reserve, it was announced today.

New WAAC

Miss Rida Longanecker, daughter of Rev. and Mrs. A. R. Longanecker, Oak Ridge, who recently enlisted in the WAACs. She was a teacher in the public schools at Mechanicsburg before enlisting.

SIXTH APPEAL FILED AGAINST LAND VIEWERS

Ellis R. Miller and his sister, Z. Blanche Miller, Mt. Pleasant township, through their attorney, Raymond F. Topper, Esq., have filed their appeal from the findings of a county board of viewers on the amount of damages suffered by their property in the relocation of the Western Maryland railroad.

The appeal was placed on record in the office of Prothonotary Lee M. Hartman in the court house late Wednesday, the last day on which the appeal could be taken. Which is the sixth appeal taken in the series of eight reports filed by as many boards of viewers in court here a month ago.

Awarded \$2,500
The Millers asked damages of \$5,250 but were awarded \$2,500 in the report which they now claim gave them damages that are "inadequate, unreasonable and less than the actual damages suffered."

The Millers ask—as do the other appellants in the five other cases—that the amount of damages be set by the common pleas court and a jury. The cases may be listed for trial in April.

This morning Prothonotary Hartman listed as "confirmed absolute" the viewers' reports in the two cases in which appeals were not taken. Jacob T. and Etta K. King, Mt. Pleasant township, asked \$3,000 damages and were awarded \$1,600. That award now has become final. Charles A. Lillia B. and Margaret Otto claimed damages for only 613 acres of land used by the re-located railroad and were given \$5 in the board's finding. They did not appeal and did not appear at the hearing in their case before the board of viewers last fall.

Under a previously agreed plan which was approved by the state Public Utilities commission the state highway department will pay 30 per cent of the damages, the county will pay 20 per cent and the Western Maryland railroad the remaining 50 per cent.

Flier Is Forced Down; Out Of Gas

Lost and nearly out of gas, Carl McClure, aged about 18, a Naval Reserve cadet receiving flying instruction at Detrick Field, Frederick, made a forced landing on a snow-covered field on the David Riley farm along the Emmitsburg road, just north of Marsh creek, about 5:30 o'clock Wednesday evening.

Cadet McClure, who escaped injury although the Piper cub plane rolled over on its back in the deep snow, walked to a nearby farm house and telephoned the air field at Frederick. He said he believed the plane can be flown home today after it is righted.

The Frederick air field staff called state motor police here Wednesday evening and asked that an armed guard be placed at the plane during the night. Private R. W. Wagner and Private Anthony Martin divided the night watch.

PROTHONOTARY HARTMAN WILL ENTER SERVICE

Lee M. Hartman, 32-year-old prothonotary of Adams county who volunteered recently for service with the armed forces, has been notified that he has been recommended for assignment to the Coast Artillery.

The notice which the county official received Wednesday afternoon from the headquarters of the Third Service Command at Baltimore stated that he has been recommended by a board of officers to attend a Coast Artillery Officer Candidates' school but will first be assigned to a Coast Artillery replacement training center for a basic training period.

The Army asks that Hartman be sent "at the earliest possible date" by the Selective Service board to help fill the next monthly quota for this state. His acceptance there however will not authorize immediate induction. The notice indicates it probably will be several months after his acceptance until he is ordered to active duty.

Awaits Call

Mr. Hartman said today he expects to continue performing the duties of his office at the court house until he is ordered to active duty.

The youthful prothonotary, youngest county official in the court house—is a graduate of Gettysburg high school in the class of 1930. He captained both the freshman and varsity football teams during his student days there. Then he attended Gettysburg college and the West Chester State Teachers' college for several years and played football at both institutions.

In the fall of 1939 he was nominated by the Democrats for the office of prothonotary and was elected in November of that year. Last fall he served as assistant coach for the football team at Delone Catholic high school, McSherrytown.

He is a son of the late John M. Hartman and Mrs. Mayne Biesecker Hartman of Cashtown. He resides with his mother in Cashtown.

MERCHANTS TO OBSERVE 35TH SALES EVENT

Gettysburg merchants will observe the thirty-fifth semi-annual Dollar Days event Friday and Saturday on a streamlined war-time tempo. The sales event is geared to the marked changes evoked by virtue of a nation involved in the greatest war in its history.

Local merchants recognize the seriousness of the merchandise situation because of the war, priorities and the curtailment of a number of manufacturing plants. Despite the curtailment of certain manufacturers Gettysburg merchants have well-stocked shelves from which patrons will find a wide assortment of Dollar Day bargains.

Dollar Days in Gettysburg have become "fixtures" twice each year and merchants have sought to extend the greatest bargains at maximum savings to their customers upon each occasion. This year is no exception.

In today's edition of The Gettysburg Times will be found special Dollar Day announcements from participating merchants. A careful study of these ads will undoubtedly reveal many attractive offers for every customer.

The merchants participating in the sales events this week include:

Rose Ann Shoppe, Virginia M. Myers, Anna Bierer Specialty Shop, Sherman's, Harris Brothers, Becker's Dry Cleaning Store, Modern Miss Shop, Helen Kay Shop, Martin's Shoe Store, Tot's Shoppe, The Tailor Shop, Tobey's, The Home Furnishing Company, People's Drug Store, The Photo Shop, Gilbert's Cleaners, Thompson's Ready To Wear, The Smart Shoppe, Parkhouse Pastry Shop, The Shoe Box, Rea and Derick, Inc., Penrose Myers, Jacobs Brothers Grocery, Acme Market, Wentz's, Haines, The Shoe Wizard, Faber's, Shuman's Cut Rate Store, Gallagher's Food Market, Swisher's Grocery, Evans' Grocery Store, Willet's Sel-Rite Grocery and Minter's Store.

Radio service, Baker's Battery Service.

Change Date For Training Men In Civilian Defense

The first session of the school to train instructors in various types of civilian defense units, scheduled for Wednesday evening at the court house, was postponed until next Tuesday evening at 7:30 o'clock at the same place when the dates for future sessions of the group will be worked out.

The 10-hour course—not 10 weeks as was announced incorrectly last Saturday—will be given under the direction of L. V. Stock, Biglerville supervising principal. Each borough council of defense in the county is being asked to send two representatives to the training school and they in turn will instruct civilian defense organization members in their own communities.

New phases of civilian defense regulations and instructions will be covered in the course with plans being made to make use of motion picture films in the county school.

FINED \$5 FOR VIOLATION OF BLACKOUT TEST

Entering a technical plea of guilty while denying any intent to violate air raid test regulations, Harvey A. Warner, West street, was fined \$5 and costs by Justice of the Peace John H. Basehore, Wednesday afternoon, on a charge of failing to stop upon the signal of an air raid warden after sirens sounded a test blackout signal here the night of January 14.

Warner explained that he had been told by air raid wardens and other persons on various occasions that cars are permitted to move during a night air raid test "until the street lights are turned off." The defendant stated that he was attempting to get out of town enroute to Hanover before the street lights went off. He said further that he was out of town before the town "blackout" and was not aware until his return he was accused of any violation of the rules.

"Must Obey Wardens"

E. V. Bulleit, Esq., member of the county council of defense, who was present at the hearing, told Mr. Warner the Civilian Defense organization here holds to the theory that when the sirens sound an alarm, it is the duty of cars to pull to the side of the street immediately, stop, and turn out their lights. Furthermore, Mr. Bulleit said, "the orders of members of the Civilian Defense corps must be obeyed."

Mr. Bulleit indicated that the charge against Mr. Warner, first of its kind to be brought in Gettysburg, was not brought at the direction of the county council. "The Civilian Defense organization doesn't want to ride anybody. But we have a job to do that may become a serious job. The members of the Civilian Defense corps submit to considerable hardship and inconvenience—one of them dropped over dead from exertion of reaching his post of duty—and their authority must be respected. The serious thing about this charge is that Mr. Warner failed to obey the men in authority on East Middle street the night of the test blackout."

Post wardens from East Middle street were at the hearing but were not called upon to testify.

VICTORY GARDENS

The Gettysburg Times will publish a series of articles dealing with the best method of planning and caring for Victory Gardens. The articles will be authoritative, up-to-date, graphically illustrated and clearly expressed. They will present a complete course in planning, making and maintaining a Victory Garden which will provide an all-season harvest and a surplus for putting up supplies for next winter.

The series will extend over several months and will be published in ample time for instructive purposes in various phases of seasonal planting. The first article appears today under the heading: **SPECIAL VICTORY GARDEN.**

Naval Forces Maneuvering For Big Fight

Washington, Feb. 4 (AP)—Like two heavyweight boxers feeling each other out, flicking tentative but punishing jabs here and there, United States and Japanese naval units are maneuvering in the southwest Pacific for a stance from which to throw a haymaker.

From this corner there was only word that air and surface engagements "are continuing," but it appeared from the Navy's restraint that a titanic struggle was shaping up for control of Guadalcanal island with its all-important airfield.

Naval spokesmen repeated that both sides have suffered losses, but one of them emphasized that "the whole thing is a sparring for position," with the two major fleet units not yet joined in an all-out slugfest.

Both sides were swapping aerial blows. The Japanese, it was revealed in delayed dispatches from the United States fleet in the south Pacific, released today, made their first night bombing attack on American surface vessels in the Guadalcanal area after dusk January 29, but the results were not disclosed.

Officers of the fleet recalled that Japanese planes dropped flares during the night battle off Savo island August 9, when three United States cruisers were sunk, and it was believed the night assault last week might indicate a resumption of Japanese aerial activity which had been strangely absent in the Solomons recently.

The dispatches said the enemy airmen dropped mysteriously out of the night sky while a unit of the southwest Pacific fleet was cruising near Guadalcanal.

Exaggerated Claims

The night bombing took place last Friday, the date on which the Tokyo radio said Japanese planes had started attacks on American battleships and cruisers which resulted in the sinking of two battleships and three cruisers off Rennell island.

Naval spokesmen here said the Japanese claims were "grossly exaggerated" though it was known that both sides had suffered losses in the skirmishes in the Guadalcanal area.

Like angry hornets, the bombers of Gen. Douglas MacArthur's command continued to harass and distract the enemy by raiding his bases on New Britain and Bougainville islands.

County Has \$185,892 In Three Funds

Starting out the year with the largest balances in the county treasury in many years—possibly the largest since the county was founded 143 years ago—the Adams county commissioners at their weekly session here Wednesday gave preliminary approval to the 1943 budget which is based upon the one-mill tax cut voted last month.

Figures of County Treasurer John W. Brehm—yet to be confirmed by the county auditors—show total balances in the three current funds of \$185,892. The separate totals are: General fund \$75,524.84; institution district fund, \$41,566.19, and liquid fund, \$68,801. The sinking fund balance is given at \$16,777.

The budget will come up for final adoption at the regular meeting on March 3.

The commissioners met today as members of the county institution district board.

17-Year Old Girl Has Scarlet Fever

Miss Edna Patterson, 17-year-old daughter of Mr. and Mrs. Harry L. Patterson, Fairfield R. D. 1, was quarantined today as a scarlet fever patient. Miss Patterson was employed at the Gettysburg Throwing company.

Robert Berkheimer, general manager of the company, said today that he would consult medical authorities relative to any action he should take at the plant.

Allies Deliver Sea And Air Blows Against Axis In North African Areas

(By The Associated Press)

London, Feb. 4—In sea and air blows paving the way for heavy land assault in North Africa, the Allies announced today the destruction of 14—perhaps 16—Axis supply ships in the narrow mid-Mediterranean approaches to Tunisia, where the German-Italian defense line was tested anew for weak spots.

British forces captured a height known as hill 648 in a renewal of fighting six miles southeast of Bou Arada in the Jebel Mansour area, midway between Medjed El Bab and Robaa, an Allied communique said. It described the gain, however, as a "limited success."

Take Italian General

Meanwhile field dispatches reported that the American striking force which captured Sened and dug in a mile east of the town on the rail line through Maknassy to the coast had taken prisoner an Italian general.

Allied bombers attacked the Port of Gabes and enemy positions near Maknassy, and for one of the few times since the start of the fight for Tunisia they lost more planes than they shot down. The communique said six Axis planes were destroyed to eight Allied planes missing.

Strong German forces apparently

still held important Faid pass on the central Tunisian front, inland from Sfax, where they had held against an American counterattack.

The British Eighth army appeared to be massing for its next attack in a correlated squeeze on the Axis in Tunisia.

A Cairo communique reported British patrol activity along the whole Libyan-Tunisian border front, and although it mentioned no specific advances yesterday the main body of Gen. Sir Bernard L. Montgomery's force apparently was piling up behind Plisida, 12 miles from the frontier.

Shipping Blows

Four small enemy vessels were sent to the bottom by Allied bombers from the east which ranged the Tunisian coast and southern Italian waters.

An admiralty communique said British submarines, hitting hard at the Tunisian supply line, destroyed ten others in the past few days, and probably sank two or three more ships which were attacked.

Long range bombers, which the Italians said were American planes attacking in waves, raided Palermo, on Sicily, Ragusa, Sicily, and Reggio Calabria, at the toe of the Italian boot, also were reported attacked.

Doctors And Industrialists Discuss Health And Hygiene

Adams county doctors and three representatives of industries in the county discussed together at the February meeting of the Adams County Medical Society, Wednesday evening at the Warner hospital, the

general subject of "Industrial Health and Hygiene."

Doctors Raymond Sheely, A. B. Erlain and Ira Henderson presented information supplied by the commission on industrial health and hygiene of the Medical Society of Pennsylvania, John Hauser, production manager for the C. H. Musselman company at Biglerville, explained the operation of a group insurance plan in force there for permanent employees and also talked of the accident prevention program being conducted there.

CHURCH BOARD APPOINTMENTS ARE ANNOUNCED

The board of Trinity Evangelical and Reformed church school met at the home of Mrs. Robert P. Snyder, Buford avenue, Wednesday evening, with 14 members present. Devotions were in charge of Mrs. Snyder and Mrs. Robert Deardorff.

The following appointments for the year were announced: Pianist, primary department, Miss Nina Merrow; pianist, adult department, Mrs. J. E. Snyder; pianist, main room, Miss Alice M. Snyder, assistant, Miss Ruth E. Spangler; missionary superintendent, Miss Helen Hoffman.

Miss Hoffman explained the church's new world neighbor policy and the board adopted for their neighbor a project in Biloxi, Mississippi. Other departments and groups in the school are also expected to adopt neighbors.

John Hertz was appointed in charge of the re-decoration of the beginners and primary departments. The board voted to change from the calendar year to a fiscal year, beginning October 1, 1943. Present officers will serve only a nine month term this year.

Visit Other Schools

It was reported that board members had been conducted through the Sunday school rooms of St. James Lutheran church recently by their superintendent, Charles C. Culp. Also under the newly adopted policy of "Sabbath Leave" for teachers, George T. Raffensperger, Jr., a teacher in the junior department, visited a similar department in the Presbyterian church last Sunday.

Miss Esther Tipton, librarian, reported that during the year issues of certain magazines would also be available in addition to books. Letters were read from a number of former pupils of the school now living out of town.

The next meeting will be held at the home of Mrs. George Brosius, Lippy apartments, on March 3rd. Following the business session refreshments were served by the hostess. In addition to the above the following were present: Mrs. G. E. Buehler, Mrs. Walter Snyder, Miss Myrtle Sheely, Miss Frances Gilbert, Mrs. H. S. Fox, Mrs. Harvey Hoffman, Clarence Nuss and George T. Raffensperger, Jr.

general subject of "Industrial Health and Hygiene."

Doctors Raymond Sheely, A. B. Erlain and Ira Henderson presented information supplied by the commission on industrial health and hygiene of the Medical Society of Pennsylvania, John Hauser, production manager for the C. H. Musselman company at Biglerville, explained the operation of a group insurance plan in force there for permanent employees and also talked of the accident prevention program being conducted there.

Keith Burger and Carl Ketterman, representing the local furniture factories, told of accident prevention and safety and health measures being practiced in the local plants.

Industrial Health

The trio of doctors outlined the objects of organized medicine in regard to industrial health problems involving the elimination of accident hazards, creation of better working conditions from the standpoint of light and cleanliness and the matter of periodic health examinations.

Mr. Hauser said the Musselman accident prevention program includes the education of employees to the dangers of accidents, the setting up of first aid training and the use of guards on dangerous machines.

He spoke principally of the group insurance plan offered the 400 permanent employees of the company—at a cost of three cents per day to employer and employee alike—under which they receive \$2,000 life insurance, a 10-week disability payment, accidental dismemberment protection and surgical fees. Hauser said 98 per cent of the permanent employees are participating in the insurance plan. A great improvement in employees' morale has been a result of the installation of the insurance plan, he stated.

The session on industrial health was conducted here this month at the suggestion of the state medical society to societies throughout the state. Dr. Donald Coover, Littlestown, new president of the county society, presided.

Sheely To Address Defense Meeting

Judge W. C. Sheely, chairman of the county council of defense, will speak at the monthly meeting of the Gettysburg C-D organization to be held Friday evening at 7:30 o'clock in the Legion building, Baltimore street. Wardens, staff members and the entire Civilian Defense organization including police are asked to attend.

The county chairman will discuss new Civilian Defense regulations including the new system for blue and red air raid alarm signals. LeRoy H. Winebrenner, chairman of the borough council of defense, will preside.

Reds Punish Boche In 110 Mile Advance

London, Feb. 4 (AP)—The Red Army, stepping up its gait all along the front, has cut the Moscow-to-Crimea railroad north of Kursk, captured the strategic Ukrainian city of Kupiansk, narrowed the circle about Rostov, and poised the threat of a Black Sea Dunkirk over Axis armies being pushed into a thin escape corridor around Novorossisk. Soviet authorities announced today.

Two communique, recorded here by the Soviet radio Monitor, detailed how the Russians had smashed to Zolothukhino, 22 miles north of Kursk on the railway to Orel, thus reaching a point on the line where the Nazis launched the 1942 spring offensive that carried them to their military catastrophe at Stalingrad.

110-Mile Advance

The advance represented a 110-mile gain in the winter offensive from the Soviet starting point northwest of Voronezh.

The Germans' 1942 battlefront also was cut in the Ukraine with the capture of Krasny Liman, a railroad junction about 85 miles southeast of Kharkov and 75 miles northwest of Voroshilovgrad on the railroad that connects the two large cities.

Today's mid-day communique, also recorded here by the Soviet radio Monitor, said that six strongly-fortified towns were captured in the continuing offensive about Krasny Liman, with about 300 Germans killed in the fight for one of the places, while two cities—not identified—were occupied by units west of Voronezh.

South of Rostov, where the capture of Kuschchevka was proclaimed last night, the Germans were said to be sending tanks and motorized infantry into battle in an attempt to halt the advance north along the railroad to Rostov. Kuschchevka is 43 miles southeast of Rostov.

Squeeze Axis Army

The Russians also have announced that they occupied Kagalnikskaya, 30 miles southeast of Rostov on the railroad from Salsk.

Thus narrowed the trap on Rostov, with other columns perched 56 miles east and 70 miles north of the city. There were indications that Soviet artillery now was in position to begin shelling it.

The remainder of the Caucasus armies of the Axis was being further compressed against the Black Sea coast, with the fall of Krasnodar apparently imminent: and the escape alley north from Novorossisk menaced by the Russian Black Sea fleet and the Red Navy's air force.

There were reports that Russian warships and planes already were between the Taman peninsula and the Crimea.

OSCAR D. DIEHL DIES WEDNESDAY

Oscar David Diehl, 92, retired farmer and one of Biglerville's oldest residents, died at his home Wednesday afternoon at 3:45 o'clock from a complication of diseases. He had been bedfast for three months.

The deceased was born in Adams county, a son of the late Frederick and Matilda (Black) Diehl. He resided in Biglerville since 1917 and was a member of St. Paul's Lutheran church, Biglerville. His wife, the former Flora Mae Hart, died April 13, 1941.

Surviving are three sons and one daughter, J. Roy, Biglerville; Miss Esther A. Diehl, at home; Paul O., at home, and Glen F., Gettysburg; five grandchildren and one great-grandchild.

Funeral services from the late home Saturday afternoon at 2 o'clock conducted by the Rev. H. W. Sternat. Interment in the Biglerville cemetery.

Friends may call at the home Friday evening from 7 to 9 o'clock.

MARRIAGE LICENSE

A marriage license was issued here today to Samuel Louis Wolf, son of Mr. and Mrs. Samuel L. Wolf, Hamilton township, and Marie Agnes Klunk, daughter of Joseph C. Klunk, McSherrytown.

REICH MOURNS ARMY OF DEAD, HITLER'S FOLLY

By GLENN BABB

For the rest of this week the German nation will be in mourning for its Sixth Army, sacrificed at Stalingrad to Hitler's pride. Doctor Goebbels evidently is out to squeeze the full measure of tragedy from the Sixth Army's fate in the hope of putting new iron into the German soul. Meanwhile the Red Army promises to present him with another disaster, should he need it for propaganda purposes, almost before the current period of mourning is over.

Moscow announces today the capture of several highly important towns, but perhaps the most significant is Kuschchevka, 43 miles south of Rostov. Its fall means that the German forces remaining in the Caucasus, numbering perhaps a quarter million men, have lost control of the last railway by which they might have escaped overland through Rostov.

German Dunkirk

Hence the German Army's first Dunkirk of the war is taking form. If the Caucasus forces are to avoid the fate of Marshal Paulus and his Sixth Army they must get away across the Kerch strait to the Crimea or embark at Novorossisk for a longer sea voyage in the Black sea.

The pattern of retribution stands out in the present plight of the Germans in Russia. It was the Sixth Army, now "sundered to the superior strength of the enemy," which compelled Allied armies to succumb in the 1940 sweep across the Lowlands.

Doubtless many of the soldiers now swarming toward the shores of the western Caucasus were among the divisions which smashed at the British as they huddled on the beach at Dunkirk. Now it is their turn to know the horror of those long waits under constant terror and destruction from the skies both ashore and aboard ship such as the British experienced along the coasts of France, Greece and Crete.

One Million Lost

At several points the Russians have gained the line from which Hitler began last summer's offensive, running almost due north from the coast west of Rostov through Kursk. It should be only a matter of days before they have wiped out nearly all the territorial gains of 1942 which must have cost the Fuehrer a million men permanently out of combat, dead, captured or maimed.

What is left of the 1942 conquests, falls into three areas, the Caucasus, the circle around Rostov which doubtless will be defended bitterly and a wide loop east of the Moscow-Rostov area which probably will be filled in quickly as other Russian forces swing westward to come abreast of the spearheads which already have cut the railway above Kursk and below Kharkov.

The Nazi plan of campaign remains to be disclosed, but hints are strong that it involves withdrawal to a line already selected—perhaps that of the Dnieper—and holding there while a new stroke is prepared.

ARMY SEEKING SEIZED ARMS

The bandit's shotgun, the murderer's pistol and the sub-machine gun of the gangster will all be turned to the more useful pursuit of killing Japs and Germans, according to a request just made by the Provost Marshal General of the Army, and released here through the Ordnance Department of General Milton A. Reckord's Third Service Command headquarters.

The need of the War department for all kinds of firearms, to supply our rapidly growing armed forces as quickly and expeditiously as possible, has led to a widespread request for confiscated firearms, addressed to all law enforcement agencies in the states of Pennsylvania, Maryland and Virginia.

Any such firearms are to be turned over to the War department, when no longer needed as evidence in the apprehension or conviction of law-breakers. They may be reported by letter to the Third Service Command Ordnance Officer, Room 412, Tower building, Baltimore, Maryland, or to any Post Ordnance officer, who will make all necessary arrangements for their collection and shipment.

A letter confirming this ironic change of hands of deadly weapons, for patriotic purposes, is being addressed to State's Attorneys, Mayors, State Police, Sheriffs and Chiefs of Police of cities, towns and municipalities in the Third Service Command.

72ND STRAIGHT VICTORY

Chicago, Feb. 4 (AP)—In case someone has been wondering what happened to that sensational basketball winning streak of Marshall high school's junior division team, it's still intact. The juniors won their 72nd in a row Tuesday, 69-30. The victory margin indicated Marshall was well over last week's scare when it had to produce a late rally to overcome a stubborn Wells team, 41-33.

Social Happenings

Phone Gettysburg 640 or Biglerville 8

Professor Lloyd C. Keefauver and Mahlon P. Hartzell, secretary of the Gettysburg school board are in Harrisburg today and Friday for the state school directors convention.

Mrs. Ralph Rau and son, Ralph, Jr., and daughter, Betty Lou, have returned to their home in Chicago after spending the last six months with Mrs. Rau's parents, Mr. and Mrs. Dewey Collins, Baltimore street.

Dr. Richard A. Arms will discuss "Uncle Harry" in his theatre arts class which will meet this evening at 7:15 o'clock in the science hall at Gettysburg college.

Mrs. John A. Mumper entertained the members of the Tuesday Afternoon Bridge club Wednesday afternoon at her home on Baltimore street.

Mrs. John D. Keith, Carlisle street, spent Wednesday in Harrisburg.

Mr. and Mrs. Edgar A. Crouse, Seminary avenue, attended the funeral of Mrs. Crouse's aunt, Miss Belle Rothrock at Mifflin, Wednesday.

Miss Anna Deardorff entertained the members of the Acorn club Wednesday evening at her home on West Middle street. The next meeting will be held in two weeks with Miss Esther Hartman, West Middle street.

Mrs. Ida Spangler and Mrs. J. Allen Dickson, West Water street, spent Wednesday in Harrisburg.

Mrs. J. McCrea Dickson entertained the members of the Little Bridge club this afternoon at her home on West Broadway.

Mr. and Mrs. Robert Erditz moved this week from Broadway to Huntington, West Virginia. Mr. and Mrs. William Jacobs will move from the Virginia Myers property on Broadway to the property vacated by Mr. and Mrs. Erditz.

Mrs. Clinton Beard, Fredericksburg, Virginia, and Mrs. Robert Poage, Alcoa, Tennessee, are guests of their brother-in-law and sister, Mr. and Mrs. Edgar A. Crouse, Seminary avenue.

The Women's Missionary society of St. James Lutheran church met Wednesday at the church. Mrs. Mervin Bream and Mrs. Morris Fleagle were the leaders with "The Power of the Word in South America" as their topic. Various members participated in the discussion. Mrs. Ralph R. Gresh brought news flashes of work in the mission fields. Mrs. I. C. Bucher presided during the business session. The society decided to take part in the mission project of the congregation of the church.

Irate Boarder Stabs 2 Women

Ridley Park, Pa., Feb. 4 (AP)—Fred Jack, chief of Delaware county detectives, said a 59-year-old carpenter stabbed two women and struck another in a boarding house last night when he returned from work and found his supper wasn't ready.

The carpenter, identified as William A. Hayman, is in a critical condition in a hospital today from stab wounds and a punctured lung which Jack said were received in a tussle for possession of an oyster knife used in the melee.

Jack said a disorderly conduct charge had been placed against Hayman and that other charges would be filed later.

The women, Mrs. Mary Massey, 59, with whom Hayman boarded; his daughter, Mrs. Mary Riddle, 33, and a neighbor, Mrs. James Flynn, 43, were not hurt seriously. Mrs. Massey and her daughter were stabbed. Jack said the women were talking when Hayman entered the house for his supper.

Someone Ate The Duchess' Turkey

Baton Rouge, La., Feb. 4 (AP)—Someone ate the duchess' turkey and the prospect that Governor Sam Jones will find out about it is keeping some persons awake nights.

A few weeks ago a 40-pound turkey was presented to the Governor. It was too large to fit the home icebox and was put in the refrigerating unit of the Capitol cafe.

When it was learned that the Governor's family would entertain Duchess Charlotte of Luxembourg, who arrives today, the turkey's role was set.

But no one told the chef and when 50 hungry realtors met in annual convention, the capitol staff, told to prepare a nice meal, cooked and served the turkey.

Word got around that the turkey was meant for the duchess and a frantic scrounging of Louisiana for its twin brother followed. Reports were that the twin was found.

ROTARY CONFERENCE

Erie, Pa., Feb. 4 (AP)—Plans for the next district conference of Rotary International here in April were discussed yesterday by Erie club officials and District Governor J. Prather of Saegertown.

DEATHS

Mrs. Charles Sload

Mrs. Carrie Eva Sload, 42, wife of Charles Sload, York, died at 5:40 o'clock Wednesday morning in the York hospital. Besides her husband she leaves three children, Mrs. Milton Fry, Patricia and Raymond Sload, all of York, and these brothers and sisters: Mrs. William McClain, New Oxford; Mrs. W. H. Garland, Carlisle; William Houseal, York; George Houseal, Wrightsville; Robert Houseal, York; Mrs. Russell Silar, Wrightsville R. D. 1, and Raymond Houseal, a member of the United States Army stationed at Fort Totten, New York. The deceased was a daughter of the late Henry and Jane Leiphart Houseal, of Wrightsville.

Charles H. Scheivert

Charles H. Scheivert, 80, died at the home of his son-in-law and daughter, Mr. and Mrs. Clayton E. Runk, Union township, Littlestown R. D. 2, at 5:45 o'clock Wednesday morning. Death followed an extended illness.

Mr. Scheivert was a son of the late Valentine and Agnes Chrismer Scheivert. He was a member of St. Aloysius Catholic church, Littlestown, and was affiliated with the Beneficial society of St. Joseph's Catholic church, Hanover.

Surviving are his wife, the former Jennie Sell; four children, Mrs. Clayton E. Runk, with whom he resided; Paul H. Scheivert, Littlestown R. D. 2; Mrs. Russell G. Hanson, Worcester, Mass.; and Mrs. Howard S. Study, Silver Run, Md.; ten grandchildren, and the following brothers and sisters: Valentine, James and Louis Scheivert, Media R. D. 2; Mrs. William Firestone, York, and George Scheivert, Hanover R. D.

Funeral Saturday meeting at the J. W. Little and Son funeral home, Littlestown, at 8:30 a. m., with mass in St. Aloysius church at 9 o'clock, the Rev. John H. Weber, rector, celebrant. Interment in St. Joseph's cemetery, Hanover. Friends may call at the Little funeral home Friday evening from 7 to 9 o'clock.

FIVE-COUNTY CONFAB HERE

The problems centering about the farm labor supply and its relation to the war effort and industry occupied most of the opening session this morning of the two-day conference here between draft, employment, transportation and agricultural officials in Adams, York, Cumberland, Franklin and Chester counties.

More than a hundred men were here for the morning meeting with Clarence Culp of Chester county, field representative of the AAA in this area, serving as chairman. M. E. Knouse and John C. Bream, members of Draft Board No. 2 of Adams county; Harrison F. Snyder, Adams county War Board chairman; Paul Fissel, York War board chairman, and Paul B. Piersol, district manager for the U. S. Employment Service, spoke to the group this morning and answered questions.

The confab continued through this afternoon with morning and afternoon sessions slated for Friday.

In this morning's discussion, it was brought out by draft and war board representatives that incomplete and incorrect questionnaires hamper proper operation of the Selective Service Act. It was emphasized that draft boards can consider only information that comes to their files concerning each registrant.

County Firm Gets U.S. Shoe Contract

Boston, Feb. 4 (AP)—The Boston Quartermaster Depot has awarded new contracts for 7,200,000 pairs of service shoes. Recipients include: Cannon Shoe Co., McSherrystown, Pa., 180,000; A. S. Kreider Shoe Mfg. Co., and Elizabethtown Co., Palmyra, Pa., 48,000 pairs divided between them; Curtis-Stephens-Embry, Inc., Reading, Pa., 24,000; Bedford Shoe Co., Carlisle, Pa., 40,000; and J. Landis Shoe Co., Palmyra, 40,000.

Property Transfers

Sarah E. Martin sold to Rodney T. and Magdalene M. Grove, all of Oxford township, a 12-acre property lying in Oxford and Hamilton townships.

Anna Motoski, York, sold to Roy H. and Catherine C. Heckenluber, Butler township, a property containing 100 acres in Butler township, near Arendtsville.

2 SOLDIERS DECORATED

Washington, Feb. 4 (AP)—Two Pennsylvania soldiers have been awarded medals posthumously for gallantry in action in the southwest Pacific, the War department announced. The Silver Star was awarded to Sgt. Earl W. Snyder, son of Stanley Snyder, Wykes-Barre, An Oak Leaf cluster for a previously awarded Silver Star was designated for Master Sgt. Ralph J. Stiles, Glendon, Easton.

CARRIERS ADD 76,633 STAMPS IN 2-WEEK SALE

The Gettysburg Times newsboys added 76,633 ten-cent War Stamps to their total sales during the two-week period ending Saturday, January 30. This makes a grand total of 1,660,341 stamps sold by the nineteen Times newsboys in 58 weeks.

Number one salesman for the two-week period is Eugene Cole, Gettysburg, who sold 38,357 stamps. In second place is J. Henry Hershey, Cashtown, with 10,543 stamps to his credit. Robert Mattingly, another carrier in Gettysburg, is in third place.

For the entire 58-week campaign, C. Arthur Brame, Jr., Gettysburg R. D., holds the lead with a grand total of 304,992 stamps sold; young Hershey is second with 184,717 stamps sold, and Luther Smith, Gettysburg, is third with 172,273 stamps sold.

The standings follow:

Two-Week Period	
Carrier	Stamps
Eugene Cole	38,357
J. Henry Hershey	10,543

Recover Bodies Of Entombed Men

Girardville, Pa., Feb. 4 (AP)—The bodies of Thomas Kane, 44, of Centralia, and Aurilo Garson, 54, of Girardville were recovered last night from a coal hole in which they were entombed Tuesday by a rock slide.

Deputy Coroner Harlow Davis said Garson was suffocated and Kane crushed to death 225 feet below the surface. The makeshift working is a mile east of Girardville.

Harrisburg Has 125 Vacant Homes

Washington, Feb. 4 (AP)—Only 125 of the estimated 25,000 dwelling units in Harrisburg, Pa., were unoccupied during the first week of January, the Census Bureau estimates.

The bureau bases its calculations on the results of a sample survey made at the request of the National Housing Agency.

If the sample reflected a true picture of conditions, only 75 of the 125 unoccupied dwellings were habitable.

GET ARMY-NAVY "E"

Beaver Falls, Pa., Feb. 4 (AP)—Admiral William C. Watts, USN, retired, and Lieut. Col. John S. Swauger of the Army came here today to present the Army-Navy "E" pennant to the Babcock and Wilcox Tube company. Senator James J. Davis was listed as a speaker.

CUT FUEL QUOTA

Philadelphia, Feb. 4 (AP)—The War Production Board has "substantially reduced" the amount of motor fuel allotted to Franklin A. Felty, Schuylkill Haven gasoline distributor, charged with making deliveries in excess of his quotas during May, June and July of 1942, the Office of War Information announced today.

OPA BAN LIFTED

Pittsburgh, Feb. 4 (AP)—On instructions from the New York regional office, the Pittsburgh OPA office has withdrawn its ban on the use of cars to transport Red Cross bank donors. Until yesterday the OPA had ruled such trips came under "pleasure driving." Now they have been classified as "personal necessary driving" and permissible "in the absence of adequate alternative means of transportation."

Upper Communities

Mrs. Blaine G. Walter and Mrs. Warren Dunn, Biglerville, spent Wednesday in Harrisburg.

Electric current in the community was off due to line trouble this morning from 6:30 to 8:15 o'clock.

Tommy Arnold is confined to his home in Biglerville due to mumps.

Mrs. Charles E. Raffensperger entertained the members of the L.L.L. club Wednesday afternoon at her home in Biglerville. Mrs. Ellis McCracken was an additional guest. The next meeting will be held in two weeks with Mrs. Oscar C. Rice.

The Bridgettes met Wednesday evening at the home of Mrs. John A. Hanser, Biglerville. Next week the club will meet with Mrs. E. A. Meyer.

Bendersville Boy Scout troop 72 will hold its annual community service at Bethlehem Lutheran church Sunday evening at 7:45 o'clock. Dr. H. D. Hoover, Gettysburg, will be the speaker. The public is invited to attend.

The Biglerville fire company was called out Wednesday afternoon to extinguish a chimney fire at the home of Mr. and Mrs. Martin Walter, Biglerville R. D.

The Upper County Lions club met Tuesday evening at the Biglerville high school building with the third vice president, Sewall E. Kapp, presiding. Plans were formulated for a Father-Son meeting to be held on February 16. Cecil R. Snyder was appointed to make arrangements for the place of meeting. Prof. L. V. Stock talked on the changes in the school courses to meet war demands.

The goat which members of the club were given custody of for a period of two weeks for having missed successive meetings has been disposed of.

Lloyd W. Kuhn, of Bendersville, made a business trip to Hanover Tuesday evening.

Mrs. C. B. Lindtved, of Carlisle, and her son, John Lindtved, of Harrisburg, have concluded a visit with friends in Biglerville.

Mr. and Mrs. Frederic E. Griest and daughter, Marion, of Hagerstown, spent Wednesday with Mr. Griest's father, Frederic E. Griest and Mrs. Griest, of Flora Dale.

TO LEAVE HOSPITAL

Roy P. Funkhouser, a patient at the Hanover hospital, is reported to be "improving nicely" and will return here Saturday. He was admitted several days ago for observation and treatment.

HOSPITAL REPORT

Mrs. Lawrence F. Johnson, Gettysburg R. 1, and Charles W. Sterner, Sr., New Oxford, have been admitted as patients to the Warner hospital. There were no discharges.

MARRIAGE LICENSE

A marriage license was issued here today to Charles Raymond Elicker, son of Mr. and Mrs. D. L. Elicker, York Springs, and Ruth Geraldine Carey, daughter of Mr. and Mrs. Clarence G. Carey, Biglerville.

TROOPER IN SERVICE

Private James A. Rose, former member of the Gettysburg detail of the state motor police who has recently been stationed at Hershey, reported to Miami Beach, Florida, Wednesday, as a volunteer in the U. S. Air corps.

\$100 FOR 2 DOGS

Pittsburgh, Feb. 4 (AP)—Two dogs, Maggie and Teddy, are assured of a good home. Mrs. Irene Cook of Crafton left \$100 to each of them in her will and entrusted her son, James C. Cook, with the expenditure of the money.

FRUIT GROWER DIES

Erie, Pa., Feb. 4 (AP)—Albert F. Leuschner, 68, manager and treasurer of the North East Fruit Growers Association, died Tuesday. He was a member of the Homestead (Pa.) Masonic lodge, Pittsburgh consistory and Syria Shrine Temple.

ILLEGAL RATION BOOKS

Wilmington, Del., Feb. 4 (AP)—The Office of Price Administration said today that hundreds of Delaware residents have ration books to which they are not entitled. Some obtained books at two different local board offices, the OPA charged. A drive to regain the books has been started.

ARREST OBJECTOR

Reading, Pa., Feb. 4 (AP)—Forrest Ray Baer, 30, a conscientious objector, is under arrest today on a charge of failing to report to a Federal work camp. He posted \$500 bail for a hearing in Federal court in Philadelphia.

CARRIED NO CARDS

Chicago, Feb. 4 (AP)—Two Pennsylvanians were called before a U. S. commissioner Wednesday on charges of neglecting to carry draft classification cards. Arrested on Monday, they were Frank Hears, 20, of Philadelphia local board 7, and Allen Angelo Rovero, who said he came from Skippack, Pa.

Arendtsville

Mrs. C. O. Dunbar entertained the Carnation Guild at her home this afternoon.

Miss Mary Boyer has been doing substitute teaching at the high school this week.

Mrs. C. G. Taylor has been called to New Oxford by the illness of her daughter, Mrs. Leo Ecker, and her three children.

The program for the study class to be held by the Women's Guild in the Zion Reformed church on Sunday afternoon at 1:30 has been announced. Mrs. Harry Kime will preside and the class will study Latin America. The devotions will be in charge of Mrs. D. B. Lady, director of missionary work in the Women's Guild. Mrs. E. W. Brindle will teach the class—using as a textbook, "On This Foundation." The first lesson held in December will be reviewed, that having dealt chiefly with Mexico and Central America. This second lesson will include a study of conditions in South America. Members and friends have been invited to attend. A silver offering will be lifted.

Miss Betty Shindlerdecker, Mt. Carmel, has returned to the home of Mr. and Mrs. Robert Price.

Harold Steiner has returned from a business trip to Penn State college.

The King's Daughters class of Trinity Lutheran Sunday School, Arendtsville, will meet Friday evening at the home of Miss Kathryn Knouse with Mrs. John A. Hauser and Mrs. Harold Steiner as associate hostesses. Members are requested to notify one of the hostesses if they do not expect to be present.

Villanova Halts Bullets 47-44; Waynesboro High Here Friday Night

WILDCATS GAIN VICTORY AFTER STIFF BATTLE

In a thrill-packed and rough contest which kept the outcome of the game in doubt until the final whistle, a smooth-working Villanova basketball team extended its undefeated record to 10 straight at the expense of the Gettysburg college Bullets here Wednesday evening 47-44.

Living up to all advance reports on their deadly shooting from all angles, Villanova was forced to the limit by "Hen" Bream's lads who time and again threatened to halt the Wildcats.

For the first two and one-half minutes neither team scored and then Lord got away for a short toss. Freedman knotted the count with a long side shot and then Captain Wood put the Wildcats ahead with a long shot. Welliver tied the score again on a one-handed stab. Drizen sank a long toss and added two fouls to put the visitors ahead 8-4 after seven and a half minutes. Wood, who played a beautiful game, got loose for a short toss but a pair of goals by Parnell and a long throw by Yovicsin tied the count again at 10-all. Wood's third goal of the period put Villanova ahead 12-10 at the end of the period.

Bullets Go Ahead
Drizen opened the second period with a foul and Welliver dropped through a pivot toss. Lord made good on a long try and Yovicsin connected on a one-handed stab from the side. A long throw by Parnell put the Bullets ahead for the first time 16-15. Parnell added a foul and Drizen looped a long toss to tie the score at 17-17. Welliver netted a foul for the local clan and then Wood broke away to score from beneath the hoop. Drizen was good for a foul and Welliver tied the score again on a long toss. Just before the half ended Kodish scored from beneath the hoop to give the visitors a 22-20 advantage at half time.

Shortly after the third period started Welliver scored from beneath the hoop. Kodish landed a short throw and Kelly netted a goal and when fouled added the extra point. Welliver converted two free tosses. Lord followed with a long shot and Welliver made good again from the foul line. Plank, who replaced Freedman in the second quarter due to the latter having drawn three personal fouls, looped a foul and two long throws by Wood sent Villanova out in front 33-26 with seven minutes of play gone. Kodish netted a long throw but Welliver, Yovicsin and Plank netted pretty shots to cut the margin to 37-32 as the last period opened.

Breammen Rally
Midway in the final period Villanova appeared to be the winner after piling up a 45-37 lead. Then the Bullets began to move. Welliver looped a foul and Cy Davis, subbing at guard, landed an over-head side from the pocket. Haas scored from underneath to cut the score to 45-42 with 1:45 minutes of play remaining. Davis brought the capacity crowd to its feet when he sank a shot from mid-court to put the score at 45-44 with 55 seconds of play remaining. The final seconds were furiously waged and when Kodish slipped away to score on a toss from beneath the hoop the fate of the Bullets was sealed.

Cal Welliver played one of the best games of his career and kept the Bullets in the running with his goal tossing. He looped 20 points for the evening. Haas played a

Senesky Scores 44 Points For Team

Philadelphia, Feb. 4 (AP)—George Senesky, blond scoring sensation of St. Joseph's college basketball team, set new scoring records last night as the Hawks whipped Newark university, 79 to 33.

He scored 44 points, five more than the previous gymnasium mark for one game. That boosted his seasonal total to 311 for 14 games, against the Philadelphia district's previous one-man one-season record of 296, scored by Duke Duzinski during 30 games in 1939-40.

Senesky tossed in 19 field goals and six fouls.

Fights Last Night

By The Associated Press
Elizabeth, N. J.—Phil Norman, 148, Detroit, outpointed Tony Reno, 152½, New York (6).

Jacksonville, Fla.—Buddy Scott, 190, Tampa, and Jim Bowen, 205, Jacksonville, drew (10).

Oakland, Calif.—Charles Burley, 158, Pittsburgh, Pa., scored technical knockout over Harvey Massey, 159, New York (9).

STANDARD UNIFORMS

Chicago, Feb. 4 (AP)—Chicago's Cubs will return to standard type baseball uniforms this season. The sleeveless shirts they have been wearing for the last three years would be eliminated, general manager James Gallagher said, because "I understand the players want to go back to the standard type." The "vestees" had been designed to permit more freedom of movement.

New York Clubs To Use Girls As Ushers

New York, Feb. 4 (AP)—Attention has been centered on the Manpower Commission's attitude toward players, but baseball's first impact from the listing of non-essential jobs has been on ushers.

The three major league clubs in New York expect to staff Yankee Stadium, the Polo Grounds and Ebbets Field with girl ushers this season.

HOPES TO BEAT OWN RECORD IN 100-YARD SWIM

By LOU BLACK

New Haven, Conn., Feb. 4 (AP)—When Alan Ford, sensational Yale freshman, swam the century in world's record time of 50 and seven-tenths seconds Saturday, shattering the last of the great Johnny Weissmuller's standards, he was, Coach Bob Kipphut revealed today, "in far from his best physical condition."

That's the reason the modest youngster from Balboa, Canal Zone, and the conservative Kipphut, one of the nation's leading swim teachers, feel that the 19-year-old athlete soon is going to churn the distance in 50 seconds or less.

The sandy-haired, trimly built Ford smashed the 51-flat figure for 100 yards that Weissmuller set in 1927 at Ann Arbor, Mich. And he did it, said Kipphut, "even though he had little sleep and only the skimpiest of training for more than a week before because of examinations."

Tired Early
"I was really tired at the half-way mark," Ford reluctantly admitted, "and from then on I thought the pool was made of rubber; it seemed to get longer with each stroke. I was amazed when I heard it was a record because all I was concentrating on was a new long stroke that the coach has been teaching me."

Last year while a senior at Mercersburg academy, Ford stole the show at the National AAU indoor championships here by winning the 220-yard free style in his first appearance in the big time. Shortly afterward he joined Weissmuller, Peter Pick of New York, Bill Brew of Detroit, and Howie Johnson of New Haven as co-holder of the century record.

Ford came here last fall, realizing a long ambition to matriculate at Yale, and although he has been swimming since he was six years old, he credits Kipphut for most of his success.

scrappy game throughout as did all other Bullet participants.

Jayvees Win
The college Jayvees encountered little trouble in defeating the Hershey Junior college dribblers 44-24 in a fast preliminary game.

On Friday evening the Bullets will journey to Westminster to meet Western Maryland.

PLAY WITHOUT SHOES

Philadelphia, Feb. 4 (AP)—Arnold college's cagers played the last half of their with LaSalle last Tuesday without shoes because of a slippery floor. They lost, however, 83 to 48.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, Feb. 4 (AP)—Judging from the lists of ex-athletes and coaches who have been assigned to the Navy's new flight preparatory schools recently, there'll be plenty of athletic activity at some colleges as soon as they get things organized.

So if you see "Wahoo Prep" among the football scores next fall, don't jump at the conclusion that it's just a high school game. It may be a better team than Minnesota. . . . But we also see that the Army Air Forces technical command, which turned thumbs down on football last fall, still is "agin" any real competitive sports. Maj. Gen. Jacob E. Fickel recently took some pretty good boxes out of Texas amateur tournaments and wiped out a couple of basketball teams by ordering that "no enlisted man in this district can compete in athletics off the post."

The Mississippi College board, which last year rejected a plan to suspend intercollegiate athletics at state institutions for the duration, is considering it again and has told athletic directors not to make any new contracts until after the March meeting. . . . Both Ole Miss and Mississippi State worked on a pay-as-you-go basis last football season and found game receipts were enough. Officers of the Columbia U. Navy unit thought the cadets didn't have enough time for athletics. But now they've organized track and basketball teams by popular demand.

But the Coast Guard, which apparently is strong for competitive athletics, has ruled that Light-Heavyweight Champ Gus Lesnevich can't fight, even on his own time. So his February 26 bout with Pvt. Mello Bettina now is off. . . . You figure it out, we can't.

AMATEUR HOUR

Jack Lavelle, unofficial biographer of Greg Rice, likes to tell about the time Rice went from Notre Dame to an eastern track meet. Upon his arrival, Greg was handed his expense money in cash, but when he got back to South Bend a check for "expenses" arrived. . . . Rice promptly penned a note saying there must have been a mistake and mailed it back. . . . Well, wasn't it Knute Rockne who defined an amateur as "a guy who won't accept a check?"

TODAY'S GUEST STAR

George Herrick, San Diego (Calif.) Tribune-Sun: "The St. Louis Cardinals are to do their spring training in Cairo, Ill., described in a WPA handbook as being in a state of 'gentle decay.' Needless to say, the Cards hope the same fate doesn't befall their."

SERVICE DEPT.

Ray Schmidt and Maynard Harlow, co-captains of the 1938 University boxing team, both are fighting in the Big Battle. Captain Harlow of the Army Air Corps has been considered action over New Guinea and Ensign Schmidt is gunnery officer aboard a destroyer. . . . Another former college boxer, Lieut. George V. Pyles, a kayo artist at Maryland, was killed recently in action over China after bagging three Jap Zero planes. . . . The Fort Sheridan, Ill., WAAC basketball team lineup includes Ruth Corby of the Prudential team of Newark, N. J. . . . Because so many service teams are expected to enter the National Semi-Pro Baseball tournament next summer, service men in uniform not only will be admitted free but they'll be given a ration card good for one bottle of pop, a hot dog and a sack of peanuts. . . . An extra service charge to civilian fans will pay for it.

Athletes Considered Essential At Present

Washington, Feb. 4 (AP)—Big league baseball and other professional sports, already facing stringent travel and other restrictions, escaped what might have been a final crushing blow when they were omitted from the list of activities considered non-essential for draft purposes.

Although the war manpower commission's list skirted the sports field by singling out greenkeepers and by boys who make a living gambling on the race, the play-for-pay athletes were not included among those who face induction after April 1, regardless of their dependents.

But, along with thousands of other young wage earners with children, professional athletes got no assurance that their induction would long be postponed.

Shaughnessy Inspects Stadium

Clark D. Shaughnessy (right), new University of Pittsburgh football coach, looks over the Pitt stadium with James Hagan (left), Pitt athletic director.

Pitching Is Added To Reds' Chronic Worries

By JOHN FRYE

Cincinnati (AP)—Thanks to 3-A, 4-P and a couple of likely lads from Sacramento, the Cincinnati Reds may start the 1943 baseball season with nine men on the field.

With that in mind, the front office makes it known that it expects the team to land in first division again, and wouldn't be surprised too much to see the Reds knock off both St. Louis and Brooklyn, and win the pennant.

Uncle Sam has tapped 11 men, cutting the Red roster to 28, only three over the minimum. Of those gone, Ray Lamanno, who did some fair country catching last year, was the only regular.

Blackwell Promising

On the other hand, one fellow who was sure to be a regular, and might have given the Reds a needed tenth pitcher, is in uniform now. That's Ewell Blackwell, an angular lad valued by the Red officials at \$150,000.

Ewell had a brief try with the Reds last spring and went to Syracuse in the International league for polishing. By reports coming back, he polished off the International league and made folks talk of his fast ball with the reverence that used to be held for men like Lefty Grove and Walter Johnson.

Probable Lineup

Anyway, the 1943 lineup, assuming the ball clubs will be allowed to present it to the umpires in the usual way, may look something like this on opening day.

Lonnie Frey 2b, Eddie Miller ss, Max Marshall rf, Frank McCormick lb, Frank Kelleher, Eric Tipton, or Gee Walker lf, Bert Haas or Steve Mesner 3b, Mike McCormick cf, Ray Mueller c, and Bucky Walters p.

Of these, all but Mesner and Tipton are currently 3A in the draft. Steve, up from Sacramento with good reports, and Eric Tipton are 4-P. Mike McCormick is married and 3-A but with no children, although one is expected soon.

Mueller, the other recruit, was the Pacific Coast League's most valuable last year. He's 30, has had tries with Boston and Pittsburgh already, and bats close to 300. He caught 164 games for Sacramento last year.

Mesner, 25, hit .300 for the full schedule of 176 games out there.

Respect Cards

The front office regards the St. Louis Cardinals, defending world champions, and the Brooklyn Dodgers, National League runners-up, as the teams to beat. The Dodgers are insisted upon as a contender, and a darned good one despite the lurid reports of how Branch Rickey is desecrating the organization. At any rate, the Reds feel they'd be darned fools to chalk the Dodgers off.

The only real worry the Reds have, outside, of course, of the usual quest for batting power and a permanent left fielder, is in their best department—pitching.

Reserves Weak

With only nine on the roster, the

COACH ENTERS NAVY

Meadville, Pa., Feb. 4 (AP)—Alfred C. Werner, 25, whose debut as Allegheny college basketball coach this year has been marked by a spectacular record of six straight victories with an average of 65 points scored each game, is leaving to accept a commission with the U. S. Navy. Werner said he will accompany the team Saturday to Alfred, N. Y., for a game with Alfred college, and then go to his home in Rochester. He has been ordered to report February 11 at the pre-flight school at Chapel Hill, N. C.

reserves aren't too strong. Bucky Walters and Johnny Vander Meer likely will be the mainstays, with 36-year-old Ray Starr regularly demanding permission to pitch both ends of a doubleheader.

Paul Derringer, the big wheel-horse, may or may not have a good season. He's getting NO younger but when he cocks that leg at the proper angle in the air, he's unbeatable.

The Reds feel that they've patched up their infield with Eddie Miller, an ex-Brave from Boston, and fond hope is expressed that Frank McCormick will start hitting again.

But this is winter, the clubs don't know what will happen by spring.

BRANCH RICKEY EXPRESSES HOPE FOR BASEBALL

By JUDSON BAILEY

New York, Feb. 4 (AP)—One voice of optimism has sounded a rallying cry for baseball since the War Manpower commission issued its list of non-essential jobs.

It came last night from Branch Rickey, president of the Brooklyn Dodgers, who defended the value of baseball for morale and said, "it is certainly to be assumed that the government did not leave out the job classification of baseball players by oversight."

Taking issue with the pessimistic reactions of other major league owners, Rickey asserted in a statement that if the assumption were correct that omission of baseball as non-essential was no oversight, "then the manpower commission must have believed that certain professional activities in the field of recreations should be continued and that these activities properly regulated are worthwhile agents in the maintenance of the fighting morale of the nation."

Allies Have Sports

Sports are continuing in Great Britain and in Russia, he said. "At the very time when the siege of Leningrad and Moscow were most threatening, a game of soccer in the famous Dynamo stadium in Moscow was attended by approximately 100,000 people."

"If sports are permitted to interfere remotely in the war effort they should not be tolerated for one minute," he said, but if they continue as a helpful agent in the field of public morale, "then they should be encouraged and sustained by the government itself. And most surely, so long as there is doubt about it, the question should be resolved in favor of public morale."

From officials of other clubs came his comment:

Warren Giles, Cincinnati Reds—"We never have claimed to be essential."

Clark Griffith, Washington Senators—"I hope some means can be found to continue the sport."

Must Win War

Alva Bradley, Cleveland Indians—"I believe baseball should go as far as possible to provide entertainment and relaxation, but not at the expense of depriving industries of needed manpower. The principal thing now is to win the war and if baseball interferes with the big job ahead it should be discontinued."

Jim Gallagher, Chicago Cubs—"I don't believe there are more than 30 players in the entire country over draft age who are capable of playing major league baseball."

SPORT SHORTS

By HAROLD CLAASSEN

New York Feb. 4 (AP)—Commissioner K. M. Landis seldom makes trips from his Chicago home to New York in midwinter but he is coming to New York this week-end with the Baseball Writers' annual dinner and show as the excuse.

But the Broadway betting is that Landis won't be too busy with his steak to talk about the Philadelphia Phils situation, especially since Memphis Bill Terry is rumored planning a trip to New York—also for the dinner, of course.

To most sports competitors, waving the towel means surrender. But not to Coach Ed Dibble of the Western Kentucky State Basketball team. To him it is the flag of triumph.

He twists one constantly during a game except when his team scores a basket. Then he gives it a flip toward the ceiling.

He will be seen in action tonight when the Kentuckians try to make City College of New York their fifteenth consecutive victim in Madison Square Garden.

Cornelius (Dutch) Warmerdam, California school teacher who can vault higher than your income tax, says that "if I were 6 feet 3 inches tall and could run 100 yards in 10 seconds I could guarantee you a 16-foot vault. But I am only 6 feet and I need 10.5 seconds for the century."

Warmerdam will compete in Saturday's Millrose games, where a year ago he cleared 15 feet 3/4 inch.

Yesterday's ruling by Manpower Commission Paul V. McNutt didn't mention baseball players but if you attend next summer's games you'll probably have to bring your hot-dogs, find your own seats and serve as the groundkeeper between the halves of a doubleheader.

Don Durand, of Oregon State, is recognized as one of the country's better basketball players and a year ago won considerable fame for "pitching" the Beavers to a Rose Bowl triumph in football.

But he hasn't been of much use to Coach Slat's Gill's five the past week. He's out with the chicken pox.

Pittsburgh, Feb. 4 (AP)—Westminster college handed Carnegie Tech swimmers their fifth straight loss, 55 to 20, in a meet here yesterday.

J. Scheid, Westminster, set a new Tech pool record for the 200-yard breast stroke event, swimming the distance in 2:33.7. Titans Hamel and Franko placed first and second respectively in the 220 and 440-yard free style swim. Rush of Westminster won't the 50 and 100-yard free style events.

New Wilmington, Pa., Feb. 4 (AP)—Westminster college Titans decisively defeated their "backyard rivals," the Geneva college Covenanters, 53 to 42, last night in a basketball game here.

Charley Goldblum, big Titan center, was high individual scorer, with eight field goals and five fouls for 21 points. Rayz, Geneva forward, led the losers with 15 points. The

BLAMES COACH FOR CAGE FOULS

By DAVE HOFF

Chicago, Feb. 4 (AP)—Nick Kearns, the veteran midwest basketball official, tossed down his coat, rolled up his sleeves and prepared to take on an imaginary adversary.

"Basketball fans are booing the wrong guys," Kearns proclaimed. "They're pouring it on the officials when they ought to be letting the coaches have it."

"Here I am with the ball and you're on my team. I go to pass to you, and Charley is standing over there. I give you the ball and cut over and barge into Charley. That's blocking, plain and simple. The crowd lets out a yell when the whistle blows and the coach, the guy who's been teaching his team that very tactic for three months, jumps up and begins to scream."

Screening Is Violation
"It's the coaches they ought to boo, not the referee."

Kearns said that screening, the practice of cutting in front of a defensive player and stopping there to keep him out of the play, is just as predominant as blocking in rules violations, but contended it's another practice taught by "too many coaches nowadays."

Kearns has been officiating since 1916 and figures he's worked at least a thousand games. "And it's getting tougher all the time," he said. "A referee has to use his judgment and call only a part of these fouls or he'd be blowing the roof off with his whistle."

And what do the coaches say? "They tell us, 'Call all those fouls for three or four games and you'll put a stop to it.' I say, quit coaching that brand of basketball and we won't have to worry about calling the fouls."

Use Disguise To Confuse Players

Chicago, Feb. 4 (AP)—The Turlo twins, John and Louis, junior basketball stars at Waller high school, do a little patch work before game-time to confuse the opposition.

John, a high scoring forward, has been closely guarded by opponents who could tell him apart from his brother, a guard, who had a mole on his chin.

Now each wears a piece of tape on his chin and Louis' mole is hidden.

LINCOLN FIVE IN 24-22 WIN

Scoring five points in the last period while blanking their opponents, the Lincoln school cagers defeated Franklin Township Consolidated school here Wednesday afternoon after a close and rough battle 24-22.

Coach Don Ulrich's quintet took over an 11-3 lead in the first period but in the third quarter Dorsey Shultz's clan tallied 10 points to go ahead 22-19.

Howard, husky center for the victors, collected six field goals and Spence contributed 11 points for Franklin Township. Keys played well for Franklin Township.

The box score:

Lincoln School	G	F	P
C. Rodgers, f	0	0-0	0
H. Shaner, f	0	1-1	1
McLaughlin, f	0	3-9	3
Cromwell, f	0	0-0	0
Howard, c	6	0-2	12
R. Shaner, g	3	2-5	8
Sheffer, g	0	0-0	0
Roberts, g	0	0-0	0

An Evening Thought

To be perfectly just is an attribute of the divine nature; to be so to the utmost of our abilities, is to the glory of man.—J. Addison.

Just Folks

By Edgar A. Guest

QUATRAINS

Faith and Prayer

Have faith! As Rickenbacker prayed:

"Give us this day our daily bread."

Far off where only God could aid

A sea gull came and they were fed!

Name

"What's in a name," as Shakespeare said.

It's still a peanut, called a goober,

But who'd have followed where he led

Had Hitler stuck to Schickelgruber?

Promise

A few weeks more of sleet and snow

And then:

Blue skies above when we shall know

Tulips again.

Fame and Luck

Fame for a moment may invoke

Men's plaudits for a lucky stroke.

But lacking merit, luck in vain

Will wait for fame to come again.

Today's Talk

By George Matthew Adams

RETURNS

That famous phrase handed to people on their birthdays—"Many Happy Returns"—has always puzzled me. What returns? Perhaps all good things, happy remembrances, kind words spoken that have made one happy, or the coming to one of appreciation for good deeds performed.

At any rate returns that warm the heart and give one zest and hope are always a most welcome return. But perhaps the finest return that can come to anyone is the return of appreciation, and the satisfaction that we all take in doing something to make another happy. That return is more blessed and prized than anything of a material nature.

The answer to a letter of encouragement is a rare return. Today I read a fine letter, that was not expected by the recipient, praising him for good work performed. At both ends the return was something that brought happiness and encouragement.

Royal friendships are forever bringing to all concerned precious returns that can never be quite measured in their mental and spiritual benefits. A friend or two often may mean much more than "a million or two" in mere money. The former remains as a staff throughout life.

I have never liked "exchange of presents." I like rather continuous exchanges of understanding, of sincere love and affection, and of services gladly performed.

Noble impulses should never be allowed to die. They should be put into action. Otherwise something fine in human character withers. I am reminded of a noble woman in a small town, where I once lived. Her face was a wreath of smiles, no matter under what circumstances she found her fortunes. It seemed that there was no end to her good deeds. She seemed to be thinking all the time of something to do to make someone happy. Her kindly influence radiated near and far, and although she has long gone to her reward, her memory is one of the most prized of my life.

When we do things that we know will make someone else happy, we may be sure that the returns to us will bear large interest to us forever!

Tomorrow Mr. Adams will talk on the subject: "Inspired Human Beings"

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

TWENTY YEARS AGO

Hospital Benefit: The Thursday Club will entertain at cards February 16 at Mrs. Guyon Buehler's residence, Carlisle street, for the benefit of the Warner hospital. The committee in charge consists of Mrs. Edward H. True, Mrs. J. McCrea Dickson, Miss Annie O'Neal, Mrs. S. S. Neely, Mrs. J. E. Musselman, Mrs. Clarence Sheely and Mrs. C. Ross Shuman.

Sell Warehouse Site: Sale of the property of the Gettysburg Department store on Railroad street and the farm implement business this firm has conducted since 1907, was announced on Monday. The purchasers are Ira Scharz, East Middle street, and D. Ellis Scharz, York street.

The property includes the warehouse used by the department store and the building occupied by the John C. Lower company. The Lower company will continue business at this location.

Got The License: A marriage license was issued Saturday to William Henry Thompson, son of Harry Thompson, Oak Mount, and Miss Bessie Elizabeth Watson, daughter of Mr. and Mrs. J. C. Watson, Butler township, at the office of J. R. Hartman, Clerk of the Courts.

Are Ninety One Guides On List: Ninety-one guides comprise the list, compiled by William C. Storrick, who has charge of guide records. This number is five less than last year, owing to the death of four and the removal of one. It is considered this number is sufficient to accommodate the tourist traffic for the year and therefore no examination will be held in order to take on additional guides.

Scout Court of Honor: Four boys were awarded merit badges at a recent session of the Boy Scout court of honor in Glatfelter Hall, college campus. D. C. Shirk, of troop 2, was awarded the Eagle badge; Paul Clutz, of troop 1, six badges; Glenn M. Stouffer, troop 1, four badges; Paul Reaser, three. Dr. C. F. Sanders presided over the court.

McSparan Here For Jackson Day: Adams county Democrats celebrated Jackson Day Tuesday evening here with an enthusiasm not shown in many years. The anniversary of the birth of Andrew Jackson, was observed by a dinner served to 600 men and women in the early evening in the rooms of the Order of Independent Americans, Baltimore street, and later with a public mass meeting in the court house at which John A. McSparan, Democratic candidate for governor at the last election, was the principal speaker. The dinner, consisting of Henry Binkerhoff, I. D. Kelly, Frank Loti and Joseph Galbraith, and one for entertainment, consisting of John E. McDonnell, C. D. Stallsmith, Joseph Maguire and Wilson Bream had been appointed.

Building Soon Finished: Within a short time the new, two-story brick building of the Reaser furniture factory will be ready for occupancy. The structure extends from the old plant to fourth street. The second floor will be used as a storage and the first for the packing and shipping departments of the Reaser firm.

Arrest Many Germans (By Associated Press) Duesseldorf, Jan. 29—The French occupational authorities today began a series of wholesale arrests and expulsions of the highest German state officials chiefs of bureaus and municipal heads of services for refusal to obey orders.

School Closes Until Monday: Gettysburg high school closed its doors on Thursday morning at 10 o'clock and will remain shut until Monday morning, because the number of students absent on account of heavy colds, gripe and pneumonia was increasing daily.

Peace Prize To Woman: Stockholm, Feb. 1—For the first time in history the Nobel peace prize will go to a woman, if the official recommendation for the 1923 award is accepted. Miss Elsa Brandstrom, a Swedish Red Cross worker, is the nominee for the prize of \$40,000.

Miss Brandstrom is widely known as the "angel of Siberia" because of her extensive personal relief work among the war prisoners of Russia and Siberia from 1914 to 1920. She is also known for her writings in favor of peace.

Personal: Samuel S. Knox, of Fullerton, California, is visiting his parents, Mr. and Mrs. J. C. Knox, Eckert apartments, Center Square. Mr. and Mrs. Elmer P. Price, of St. Paul, Minneapolis, are receiving congratulations on the birth of a son, Donald Omar, Tuesday, January 30.

Misses Edith and Bess Dorsey, Springs avenue, are spending ten days with friends in Altoona.

Mr. and Mrs. Harry Oyler, Jr., North Stratton street, announce the birth of a son at the Warner hospital Tuesday afternoon.

Professor and Mrs. George R. Miller, of Gettysburg, announce the birth of a son at the Warner hos-

Urges Withholding Taxes On '43 Income Start April 1

RUMML PUSHES
NEW PLAN OF
PAYING TAXES

By FRANCIS M. LEMAY

Washington, Feb. 4 (AP)—Beardsley Rumml, chairman of the Federal Reserve board of New York, again advocating his plan to skip a year's tax liability to put individual income taxpayers on a pay-as-you-earn basis told the House Ways and Means committee today that withholding taxes on 1943 incomes should start not later than April 1.

The three most important differences between him and the Treasury Rumml said in a prepared statement he read to the committee, "are one point of fact, one point of principle and one point of policy."

For more than a year Rumml has proposed all-out forgiveness of one year's taxes to put individual income tax payers on a current basis.

Lose No Revenue

He insisted that the government would, in the long run, lose no revenue through cancellation of taxes due on 1942 income and payable this year and urged that the cancellation should be made applicable to taxpayers in all brackets.

Referring to a Treasury study of the advisability of deferring or spreading over a period of time part of the liability due on 1942 income while at the same time collecting currently on 1943 income, Rumml said no current collection program could be applied at the rates necessary as long as the 1942 tax debt is simultaneously payable.

The answer to the problem of switching to a current collection basis, he continued, "is as simple as daylight saving."

"Let us turn our tax clocks ahead one year. The taxes we have paid last year out of our 1942 income are taxes assessed on our incomes received in 1941. We can best solve the problem now * * * by beginning 1943 by paying on 1943, thereby dropping out the year 1942 as a year of assessment from the tax calendar forever."

He emphasized that "the essence of the plan is making a change in the method of assessment for personal income tax," the change being to assess 1943 taxes against 1943 income instead of 1942 income.

Ex-Marine To Be
"Shot To Death"

Salt Lake City, Feb. 4 (AP)—Walter Robert Avery, 34, who never felt the bite of a bullet in a series of skirmishes with Nicaraguan revolutionaries as a Marine in 1923-29, will be shot to death at sunrise tomorrow in Utah state prison.

While serving with the Marines he won marksman's medals for pistol and rifle. On Feb. 11, 1941, he shot to death Hoyt L. Gates, an Ogden, Utah, police detective, in a grocery store holdup.

Although he has asked his wife, his mother, Mrs. Geneva Avery, and his sister, Mrs. Phyllis Francke, both of Kansas City, Mo., not to make any further effort on his behalf, he still would like to live.

"When a man's facing death like I am," he said in an interview, "life looks good under any circumstances."

British Sink 9
Axis Supply Ships

London, Feb. 4 (AP)—Nine Axis supply ships and one anti-submarine vessel have been sunk by British submarines in the Mediterranean in the past few days, the Admiralty announced today.

In addition a northbound transport and another large vessel were attacked and their destruction is considered probable, the announcement said. Still another small vessel was reported damaged.

The anti-submarine vessel and five of the supply ships were sunk by gunfire off the eastern Tunisian coast, the Admiralty said, while another was driven ashore a total loss.

Hint Robbery In
Girl's Slaying

Chicago, Feb. 4 (AP)—A robbery angle as a possible motive for the slaying of pretty Estelle Carey took on added significance by police today on the strength of a report that a man was seen fleeing from her apartment shortly before she was killed Tuesday.

Although police pressed their investigation to link the killing of the model and night club dice girl to a robbery, they said other theories had not been abandoned. Other possible motives, police said, were that Miss Carey was killed by an angry suitor, a jealous woman rival or for revenge.

pital, Friday, January 26.

Mr. and Mrs. Mervin Bishop, Freedom township, announce the birth of a daughter at the home of Mrs. Harry Geiselman, East Middle street.

Mr. and Mrs. J. I. Burgoon, Springs avenue, have returned home after spending a week in Atlantic City.

Flashes of Life

SMOKE GETS IN YOUR EYES

New York (AP)—John Murray, facing a disorderly conduct charge in night court, heard his wife testify he had beaten their four-year-old son.

Murray told the magistrate his home life had been difficult. "The children set the house on fire six times," he said.

He was held for further hearing.

HELPLESS WARRIOR

Gallup, N. M. (AP)—A Navajo Indian arrived here with an Army discharge and a note attached to his lapel which ended:

"Will someone please put him on the first train for Lukachukai?"

He was discharged, the note explained, when the Army discovered he knew no English and it knew no Navajo.

100 OBJECTORS
TEST RATINGS
FOR LIFE RAFTS

Washington, Feb. 4 (AP)—More than 100 conscientious objectors have volunteered as human "Gunite Pigs" in government tests to develop better emergency ratings for life rafts, better diets for flyers and troops, and new controls for wartime diseases.

Col. Lewis F. Josch, in charge of the selective service system's camp operations division, which supervises 78 work projects for the "Co's" and James Stanley, of the National Service board for religious objectors, disclosed the experiments today.

Six objectors—men who refuse to fight because of religious beliefs—are working on a national research council project at the Massachusetts general hospital. They drink sea water for days at a time in tests to determine whether the life of a shipwrecked person may be prolonged if all salt is removed from his food.

"Drinking salt water then may be less harmful," said Stanley. These tests are continuing and the results are not yet known.

Work As Orderlies

When not engaged in the tests, the six men work as orderlies. As of Jan. 23, "Co's" working as orderlies and attendants in hospitals throughout the country numbered 354, relieving that many men for duty with the armed services.

In New Hampshire, three typhus studies are under way with the aid of 75 objectors, 25 in each experiment. Stanley said these men allow their bodies to be covered with 200 lice (not infected) while various powders are used to see how quickly the insects can be exterminated.

While objectors generally are opposed to working at jobs that have the slightest connection with the war, Colonel Kosch said many volunteers can be found if they are convinced their work will have a long-term benefit, that is, beyond the war's end.

"The Co's turned down a project to test poison gas clothing because that was concerned only with the war," said Stanley. "But volunteered for the sea water test because the results would be useful war or no war."

Prominent Social
Leader Expires

Erie, Pa., Feb. 4 (AP)—Mrs. Albert Jarecki, one of Erie's best known social leaders for four decades, died yesterday after an extended illness. Her father and first husband both were mayors here.

She was the former Harriet Hammond. Her father, John Werden Hammond, descendant of Martin Luther, was elected Erie's 15th mayor in 1876. John C. Brady, whom she married in 1887, also was elected mayor. She married the late Albert Jarecki, local industrialist, at East-hampton, N. Y., in 1908.

MT. HOPE

Mt. Hope—Luther Lightner, Baltimore, spent Friday and Saturday at the home of his parents, Mr. and Mrs. H. W. Lightner.

Mr. and Mrs. Carl Yoder, Baltimore, spent a few days at the home of Mrs. Yoder's parents, Mr. and Mrs. Allen Currens.

Mr. and Mrs. Paul Bankert and children, Sherry and Joan, Hanover, spent Sunday at the home of Mr. and Mrs. John Kump.

Miss Freda Kump and Miss Marie Reese spent Friday at Hanover.

Mr. and Mrs. Ray Schwartzbaugh and son, George, Edgewood, Maryland, spent Sunday at the home of Mrs. Margaret Reese.

Laurence Sites, of near Washington, spent a few days recently with his wife and family at Virginia Mills.

Mr. and Mrs. Lloyd Shindeldecker and children, Lee and Janet, Pittsburgh, spent a few days recently at the home of Mr. Shindeldecker's mother, Mrs. Susan Shindeldecker.

SMALL FIRMS
ARE RECEIVING
U.S. CONTRACTS

By WILLIAM F. FRYE

Philadelphia, Feb. 4 (AP)—A major share of the contracts now in force with the Army quartermaster corps is held by manufacturers with fewer than 100 employees—despite higher costs to the government—Maj. Gen. C. L. Corbin, acting quartermaster general, said today.

The policy was followed even before Congress gave smaller plants first call on war contracts, Corbin told reporters during a tour of the huge Philadelphia quartermaster depot.

The general said he was in accord with the idea that guaranteeing enough business to small companies to keep them alive was a social responsibility of the government, but noted that it cost money.

For example, he said, the cost of distributing Army shoe orders to more companies runs to about \$1,200,000 a year in price differentials.

Few Monopolized Bids

When the quartermaster corps was required by law to award contracts to the lowest bidders, four or five shoe companies almost invariably submitted the lowest figures, Corbin said.

The QMC also contracts for clothing, food, tents, cooking utensils and virtually all other supplies and equipment not purchased by the air corps, signal corps and ordnance department.

Some manufacturing is done at the Philadelphia depot and at other depots as well, but most supplies are acquired from private concerns.

The Philadelphia depot, which handles clothing purchases, reported that 75 per cent of the 10,000 clothing contracts now in force are with smaller plants.

The depot itself concentrates on the development and testing of clothing. It has a staff of 270 officers and employs more than 16,000 workers. Its factories, laboratories and warehouses cover some 85 acres.

STORES TO GET
MEAT SUPPLIES

Washington, Feb. 4 (AP)—Fairer distribution of meat among stores within a few weeks was predicted today by officials of the Office of Price Administration.

They expressed confidence that this would result from the promulgation of their new standardized retail meat prices. The first of these, on pork, will be issued in two weeks, and subsequent rules on beef, veal, lamb and mutton are scheduled to follow between that date and the beginning of meat rationing, approximately April 1.

The new prices are expected to cure some inequities among individual stores. At present retail meat prices must not be higher than each individual store charged for similar cuts in March, 1942. This has "squeezed" those stores—particularly chain stores and other cut-rate establishments—whose March, 1942, retail prices weren't high enough to cover present wholesale costs.

Under the new rules, every store of the same type in the same community will have the same prices. The nation will be divided into 10 zones and in each zone the government will specify, in cents per pound, maximum retail prices for every cut of meat. Slight differentials will be maintained between independent stores, chain stores, and supermarkets.

One State P.O.
Receipts Fall

Washington, Feb. 4 (AP)—Pennsylvania post offices did an \$81,000,000 postal savings business in the fiscal year ended last June 30, the Post Office department informed the House Appropriations committee.

The department listed Pennsylvania postal savings deposits at \$42,378,885, and withdrawals at \$39,263,082.

The department's listing showed that postal savings transactions were not in proportion to population. Pennsylvania, for example, was topped by Michigan, a smaller state, which had deposits of nearly \$66,000,000, and New York was topped by Illinois.

The department also reported increases in gross receipts for all of Pennsylvania's principal post offices, with the exception of Harrisburg and Warren.

Blames U.S. For
Aggressors' Rise

College Park, Md., Feb. 4 (AP)—Failure of the United States to accept its responsibilities a generation ago helped the rise of the aggressors, Undersecretary of State Sumner Welles said today, and it is up to the new generation now fighting and working for victory to see that the same mistakes are not made again.

In an address for delivery at commencement exercises of the University of Maryland Welles appealed to the graduating class to "realize what the United States means to the rest of the world, particularly to the peoples who today are living in the slavery imposed by Hitler."

He said he wondered if they appreciated fully the world prestige of the United States and "how great is the hope which has been kindled in the hearts and minds of men and women throughout the world because of the fact that your country is joined to the other members of the United Nations in this battle for freedom."

HAMBURG GETS
RAF BLASTING

London, Feb. 4 (AP)—Royal Air Force bombers heavily attacked Hamburg last night in a raid in which 16 planes are missing, it was stated authoritatively today.

The north German seaport previously had been bombed only last Saturday night.

The British losses indicated a force of upwards of 300 bombers on the presumption that they were on the order of five per cent.

Meanwhile there was slight enemy activity over coastal areas of northeast England early last night.

Bombs were dropped at scattered points but it was stated authoritatively they caused only slight damage. No casualties were reported.

A German radio report on last night's RAF attack said it was directed at "a north German coastal area."

The Germans claimed that 12 bombers were shot down "by concentrated German defense."

Too Many Deer Are
Too Dear To Keep

Pittsburgh, Feb. 4 (AP)—Too many deer are too dear to keep Allegheny county commissioners agreed, deciding to sell 100 deer from the north and south park herds. Successful bidders must promise to use the deer for stocking and breeding purposes and not for slaughtering to provide venison steaks.

In deciding to cut the herd in each park to ten, the commissioners gave as reasons higher prices of feed, deterioration of herds through inbreeding and an expected sharp decline in attendance at the parks next summer because of the pleasure driving ban.

GET WONDERFUL RELIEF
For Burn and Itch of Simple
P-I-L-E-S!!

Simple piles need not wreck and torture you with maddening itch, burn and irritation. Stuart's Pyramid Suppositories bring quick, welcome relief. Their Sway medication means real comfort, reduces strain, helps tighten relaxed membranes, gently lubricates and softens. Protective and anti-chafing, so easy to use. It's wonderful to be free of pile torture again. Get genuine Stuart's Pyramid Suppositories at your drug store without delay—60c and \$1.20—on maker's money-back guarantee.

PUBLIC SALE

Saturday, February 6th—12 o'clock

ENTIRE STOCK OF

MERCHANDISE

DANIEL L. YINGLING
Along the Taneytown RoadFather And Son
Killed In Mine

Vandergrift, Pa., Feb. 4 (AP)—A father and son lost their lives yesterday in a slate fall in the Lewis mine of the Pine Run Coal company.

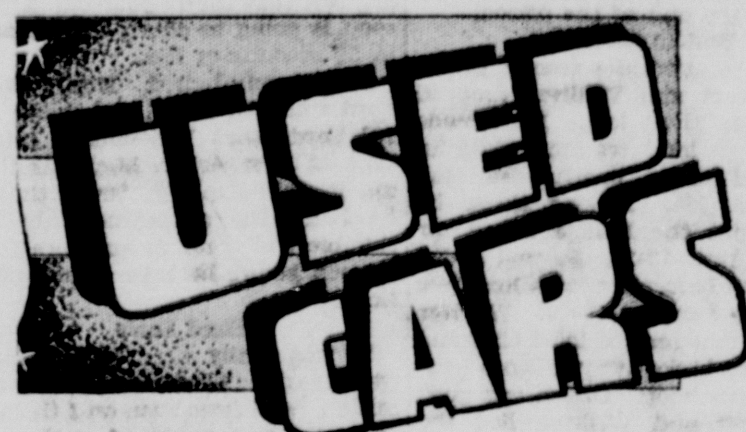

Alva Dunmire, 45, Apollo miner for 22 years and father of seven children, died in the mine and his son, Eugene, 18, succumbed several hours later in Allegheny Valley hospital at Tarentum. Eugene had worked but two months in the mine. Harold, 20, another son, also was in the mine but was unhurt.

Assures Civilians
Of Dental Service

Philadelphia, Feb. 4 (AP)—Capt. C. Raymond Wells, president-elect of the American Dental association, assures civilians that they will receive sufficient dental care despite the number of dentists being taken into the armed services.

Wells, himself an officer in the U. S. Naval Reserve Dental corps, told the Philadelphia County Dental society:

"The procurement and assignment service is trying to take only the surplus professional men in a given area. The needs of the armed forces will not mean that a community will entirely lack dentists."

Those who require automobile transportation should not chance too long with an old car, when you can buy a late model Car at Kuhn's at reasonable price. The cars listed below have good tires, correctly re-conditioned for long, dependable travel requirements. Cars are guaranteed 50-50 for a reasonable time.

Wetzel, deceased, has demanded and elected to retain certain real estate and personal property in the sum of Five Hundred (\$500.00) Dollars as her widow's exemption; an inventory and appraisal of all the real estate and personal property elected to be retained which was appraised and set apart to her by the appraisers appointed by the Orphans' Court was filed and was confirmed by said Court on January 22, 1943, and will be confirmed absolute without further notice, unless exceptions are filed hereto, on or before the 25th day of February, A. D. 1943.

ROY D. RENNER, Clerk of the Orphans' Court of Adams County, Penna.

J. F. Yake, Jr., Esq., Attorney for the Petitioner

TUBE OF RADIUM LOST

Philadelphia, Feb. 4 (AP)—Frank Hartman, the "radium detective," has been unable to find a tube of radium valued at \$10,000 which disappeared last Friday at the Cramp Shipbuilding company yards. Hartman uses an apparatus which reacts to any radium within 50 feet. He found another lost tube last year in the plumbing system of a hospital. Cramp's radium was seen last when it was used in an X-ray machine which reveals defects in welding.

GETS PURPLE HEART

With the American Air Force in China, Feb. 2 (Delayed) (AP)—Sgt. Rudolph Briarsky of Johnston, Pa., went on with his work when enemy bombers approached Yunnan last January 16. As crew chief of a fighter plane, he helped American fighters to get into the air. Then, before he could take cover, he was wounded by a bomb fragment. For his heroism, he received the Purple Heart today from Brig. Gen. Claire L. Chennault.

DOG FOLLOWS MASTER

Pittsburgh, Feb. 4 (AP)—Neighbors investigating the whining of an aged German-Shepherd dog yesterday found the dog lying despondently near the body of his master, Albert E. Newcomb, in a room, the two shared. Friends of Newcomb told humane society officials his last request was that the dog be shot should he die. So the faithful animal was dispatched to join his master.

VITAMINS

are definite chemical substances which occur in small amounts in food. A sufficient daily intake of these vitamins is essential for growth, development and the maintenance of health—often the normal diet is insufficient. Wouldn't it be better to take vitamins to assure an ample supply of these essential elements?

BENDER'S CUT RATE STORE

Nothing Is More Welcome Than A GOOD BOOK Present Them With Books From THE SWEETLAND

To Teach High Pupils How To Work Farms

Philadelphia, Feb. 4 (AP)—The city kids who rarely see a cow are going to get their chance soon—to learn how to milk one.

The Board of Education last night approved a plan to set up a new course teaching high school pupils to be farm hands.

Milking and operating a tractor are among the things to be taught. Schools Superintendent Alexander P. Stoddard says cows will be borrowed from nearby farmers.

The pupils will take jobs in south Jersey and eastern Pennsylvania this summer to ease the farm labor shortage.

"Black Markets" Spread In France

Bern, Switzerland, Feb. 4 (AP)—The Swiss telegraph agency reported from Vichy last night that the death penalty was being threatened in France in an attempt to stem Black Market activities which have mushroomed steadily.

Measures against Black Market operations have been severe for some time. Stores and factories have been closed and violators have been ordered to keep on paying their personnel, in some instances for as long as three months.

Follows Brother In Coasting Death

Coatesville, Pa., Feb. 4 (AP)—Five years ago the brother of Paul Esworthy, now 17, was killed in a coasting accident.

Last night the boy and a party of friends went sledding on the steep No. 18 fairway of the Coatesville Country club golf course. Half way down the hill on his first trip, his sled crashed into a tree.

Paul died two minutes later. Deputy Coroner Fred Manship said he suffered a broken neck.

Mummasburg

Mummasburg—Mr. and Mrs. Ernest Click and children, of Maryland, were Sunday visitors at the home of Mrs. Click's parents, Mr. and Mrs. Samuel Shindler.

Mrs. Harry Harmon, Alvey Leatherman and daughter, Catharine, visited Sunday Mrs. Harmon's husband, who has been a patient at the Johns Hopkins hospital, Baltimore, for over a month. His condition has been improving following a major operation.

Mrs. Minnie Houck has been confined to her bed at the home of her son and daughter-in-law, Mr. and Mrs. Guy Hartman, with an infected leg due to a fall which occurred earlier in the winter.

PFC Raymond Nickley, who is stationed at Camp Pendleton, Virginia, spent three days at the home of his parents, Mr. and Mrs. John Mickley.

RETIRE OILMAN DIES

Ardmore, Pa., Feb. 4 (AP)—Richard Dunlop Leonard, retired vice president and director of the Atlantic Refining Company, died Monday night at his home here. He was announced Tuesday. He was 64.

Problem of the WIRE CAGE

BY: JOHN DICKSON CARR

Chapter 12

"What do you mean, you're a rich woman?" Hugh asked.

"Uncle Jerry Noakes's orders. If either Frank or I die before the marriage, the survivor inherits the lot." Once more there was a vast pause, while wind stirred in the trees. She added, "That's what you call motive, isn't it?"

"I know exactly what they'll say," Brenda went on. "They'll say I waylaid Frank on his way back from Kitty's to tell him the marriage was off. They'll say he got into one of his rages; and Frank's rages are a thing to remember. I can tell you. They'll say I lost my head, and—it might have happened like that! And my fingernail is torn off in his collar. And only my footprints go out to him and come back. I'm caught, Hugh."

"No."

"You mean there's a way out?"

"Yes. This is frame-up. Why was that tabloid newspaper left in the pavilion today? Why did Frank know so much about the attempt suicide of a girl called Madge Sturges? Why did a superintendent of police come here—?" He stopped. "Good God, I've forgotten all about him! He's not still at the house, is he?"

"No, that's all right. Maria told me he left just before the storm. She didn't know what he wanted. Something about a car, she thought."

"It still looks queer," Hugh said thoughtfully. "But if it's a frame-up—well, we've got to meet it with a frame-up."

"You mean—fake a defence?"

"Yes. Now tell me. Do you think you can lie convincingly, if I tell you exactly what to say? No, don't jump at it. Think before you answer. If you can't we'll have to try something else."

"I can!"

With Our Service Men

Corporal Luther R. Kepner has been transferred from Fort Knox, Kentucky, to Co. A, 53rd Armd. Engr. Bn., APO 258, 8th Armd Division, Camp Campbell, Kentucky.

Corp. Clyde W. Topper is with Battery B, 22nd A.F.A., APO 254, Los Angeles, California, and is now on maneuvers. He was promoted to corporal on January 25.

Pvt. Roy M. Wagner is now stationed with the 28th Field Hospital, Camp Campbell, Kentucky.

Pvt. Randall Spicer is now with Battery B, 2nd C. A., Ft. Monroe, Virginia.

Jay D. Basehoar was recently promoted to private first class and has been transferred from Camp Shelby, Mississippi, to the 357th M. P. Escort Guard Co., Camp Wheeler Internment Camp, Camp Wheeler, Georgia.

Sgt. Roy T. Bream has been transferred from Harlingen, Texas, to the 320th Base Headquarters and Air Base Squadron, Stewart Field, West Point, New York.

Pvt. Charles Kuhn is with the 31th T.S.S., Flight A, Jefferson Barracks, Missouri.

Corp. Harry C. Gilbert, Jr., is a patient in Ward 48 at the Walter Reed General Hospital, Washington, D. C.

Pvt. Ward C. Houck, 504 Bomb Sq. (H), is confined to the hospital at the Salina, Kansas, Army Air Base, following an operation. He is expected to remain in the hospital about two weeks.

Pvt. Charles H. Waltman has been assigned to Co. I, 471st Q.M. Trk. Regt., APO 312, Ft. Jackson, South Carolina.

Pvt. John F. Richardson is with Co. C, 20th Training Bn., 6th Regiment, Ft. McClellan, Alabama.

Second Lieutenant Robert H. Deardorff, son of Mr. and Mrs. Edgar L. Deardorff, Carlisle street, is attached to the 321st Engineer Battalion, Oregon.

CORPORAL WEDS SERGEANT

Pittsburgh, Feb. 4 (AP)—Corporal James Slowey of Homestead chose a woman of higher rank for his wife Saturday. Slowey, a former Homestead policeman home on furlough from an Army air base in Florida, married First Sergeant Dorothy Cummings of Derry, home on furlough from the WAAC training center at Des Moines, Iowa.

His parents entertained at a dinner in his honor during the week. The guests included: The Misses Leah and Mary Frances Smith, Richard Smith, Nadine Sieg, Jack Smith, Barton Sieg, Dorene Clark, Blair Clark, Wallace and Boyd Sieg, Bud Clark, Mr. and Mrs. R. K. Gerber, Mrs. William Clark and Miss Dorothy Orner.

Mrs. Betty Bolin, of near town, was removed during the week to the Hanover General Hospital.

Mr. and Mrs. George Stock have returned to their home in Hershey after visiting here with her mother, Mrs. James R. Weaver, Hanover street.

Robert Felty, who has been an employee of the Middletown air depot, has been at his home here this week.

Any Way You Slice It—It's Bread

Washington (AP) — No bread knife? Don't worry, says WPB's Consumer Durable Goods Division—any thin sharp blade will do to cut the bread that bakers aren't allowed to slice any more.

The wavy-edged bread knife, WPB says, was designed back in the '90s, when bread was baked at home and sliced while still hot. A straight-edged knife will cut bread easily after it has cooled. But here are some Do's and Don'ts about caring for a kitchen knife:

Don't—Use knives for any other purpose than cutting food.

Do—Keep them orderly in compartments in drawers or on hooks or clamps on the wall.

Don't—Throw knives in the bottom of the dishpan, then pile dishes on top so that the knives soak in hot water to the last. Wash knives as soon as possible after use, dry well, then put away in proper place.

Do—Apply a little scouring powder on the blades each time they're washed to avoid serious staining.

Don't—Try to sharpen knives on the edge of stove or stone window ledge.

Do—Use a sharpening steel—like the butcher's, but smaller. The butcher will show you how.

Don't—Have knives sharpened or ground unless they really need it.

Do—Have knives sharpened by someone who specializes in knife-sharpening. Much of the blade can be wasted by improper grinding.

Don't—Throw a knife away just because the handle has worked loose. Usually a few taps on the rivets with a hammer, holding the handle flat against a hard surface, will make the handle tight again.

Do—Remove cutlery from dishes before scraping plates into refuse can. Thousands of knives, forks and spoons are lost in the garbage.

Don't—Try to cut bone with a slicing knife, and don't scrape burned foods from plates or frying pans with sharp cutting knives.

Finally, the Division warns, don't discard knives and other cutlery because they look bad. If you have a surplus, loan what you do not require to neighbors, or to newly-weds who find it difficult to get the cutlery they need.

Harney

Harney—Mr. and Mrs. John W. Fream recently visited their son, George Walter, at a Philadelphia hospital, where he has been a patient for several weeks.

Mr. and Mrs. Donald Snair, Hanover, recently visited Mrs. Snair's parents, Mr. and Mrs. Erlington P. Shriver, and son, Charles Paul.

The Ladies' Aid society of St. Paul's church held its monthly meeting in the Sunday school room Tuesday.

Mrs. Norman Shelby recently spent a week in Baltimore with her son, Kenneth, and Mr. and Mrs. Roy Snyder and family.

Mr. and Mrs. John W. Fream visited at the home of Mr. and Mrs. Master, Frizzelsburg, Maryland.

Earl Welty and sons, Earl and Ronald, visited Mr. Welty's mother, Mrs. Jennie Welty, of Middleburg, Wednesday evening.

Mr. and Mrs. Joseph Reaver, Catharine Hess and Mrs. H. J. Wolff made a business trip to Hanover, Pa., Monday.

Report No Rush To Get War Work

Pittsburgh, Feb. 4 (AP)—The United States Employment office here reports it is experiencing no rush of applications from men in non-deferrable work to transfer to war jobs. Only an average number of 3-A draft registrants sought to switch to essential work yesterday, the first day after announcement of the War Manpower Commission ruling. Thomas J. Ward, division manager of the Employment Service, said the employers seem to be more worried about the order than the men who will be affected by it.

ONE FREE RIDE

Washington, Feb. 4 (AP)—A bill (S-615) which would authorize issuance of furlough travel certificates to members of the armed forces, granting them one free train ride home a year, has been introduced by Senator Davis (R-Pa.). Railroads would be reimbursed for the certificates by the Federal Treasury.

Senate Acts To Coordinate Investigations Of Nation's Manpower Needs

RUTLEDGE TO BE APPROVED FOR HI COURT

(By The Associated Press)
Washington, Feb. 4 (AP)—A move to coordinate investigations of the nation's manpower requirements was launched in the Senate today while the House Ways and Means committee, searching for an acceptable pay-as-you-go plan, took up again a New York banker's proposal to wipe out last year's levies to achieve that goal.

Vice President Wallace, who normally assigns Senate bills to committees, touched off the manpower inquiry issue when he left to the members to decide whether they wanted the Education and Labor committee or the Military Affairs group to consider legislation creating an over-all war mobilization agency. Senator Kilgore (D-W Va.), co-author of the measure, favors the Education and Labor group while Chairman Reynolds (D-NC) wants the bill assigned to his Military committee.

Shortage of Steel

In addition to considering the manpower question, the Senate was expected to confirm, by an overwhelming majority, the nomination of Judge Wiley Blount Rutledge of Iowa to the Supreme court. Possible opposition by Senator Ferguson (R-Mich) subsided when Ferguson disclosed he had talked with Judge Rutledge and found that the jurist was "a believer in constitutional government."

The Senate War Investigating committee reported that the nation's steel production in 1943 will be sufficient to meet only the "major war necessities," leaving little if any for civilian industries needing repairs, replacements and additions. The committee blamed the situation on what it described as failure of the armed services correctly to estimate their need; the desire of big steel companies to prevent expansion that might cost them power control of the industry; and delay by the War Production Board in converting the industry to a war basis. It urged overhauling of the scrap collection program.

93,000 KILLED IN U.S. IN 1942

Chicago, Feb. 4 (AP)—The National Safety Council added up the score for accidents on the U. S. home front in 1942—93,000 killed, 9,300,000 injured, at a cost of \$3,700,000,000—and noted that the time lost during the year through non-fatal injuries to workers alone was equivalent to a shutdown of the nation's entire shipbuilding and aircraft industries for 54 days.

If both fatal and non-fatal accidents to workers were included, the council said, the loss of time, material and damaged machinery would be sufficient to have built 22,000 heavy bombers.

Bright spot of the survey, however, was the eight per cent decline in the all-accident toll as compared with 1941, resulting in a saving of 8,500 lives. The traffic category made the largest contribution to the improvement, 1942's motor vehicle deaths totaling 27,800, down 30 per cent, or 12,200 from the all time high of 40,000 in 1942.

Synthetic spices, including cinnamon, mace, nutmeg and ginger, have been developed to replace imported natural spices.

5,000 CHEER BLIND GIRL AS NOTED PIANIST

St. Paul, Feb. 4 (AP)—When Elsie Mirkel—her real name is Mirkovich—was six months old, she lost her sight.

Now she is 17 years old, but Elsie has surmounted the tragic years of darkness and today this slim, blonde girl stands on the threshold of what may prove a rich musical career.

Public acclaim first came to her this week when she sat before her piano on the municipal auditorium stage here and drank in the reward of her work—5,000 cheering persons standing in tribute to her.

She had just played three arrangements of her own—a ballad, a boogie-woogie number and a rumba. They were from her 44 compositions.

Russ Morgan, noted orchestra leader whose band accompanied her, exclaimed:

"She is one of the most versatile composers that I have ever known. She will go far in the musical world."

WPB WAR ORDER RULING BRINGS MANY PROTESTS

By STERLING F. GREEN

Washington, Feb. 4 (AP)—An unpublished War Production Board decision to make February 6 the last day for placing war orders for the first six months of 1943 brought a deluge of complaints and inquiries from industry today.

The action was taken by Charles E. Wilson, vice chairman in charge of production, and informed persons said privately that it had widened a gradually growing rift between him and Ferdinand Eberstadt, the other top WPB vice chairman whose responsibility is allocating materials.

Wilson asked all government procurement agencies to instruct their contractors to place by February 6 all orders involving any of the more than 30 "critical components" if delivery by June 30 is called for. This was done January 20 without public announcement.

"Terror Confusion"
"It's impossible for most manufacturers to meet those dates," said the spokesman for one large industrial association, who asked that his name be withheld. "We simply cannot know by that time what our requirements for the next five months will be. Producers handling tanks and aircraft and a few other long-time programs can do it, but the majority of other manufacturers can't."

"The confusion is terrific. I've been calling WPB myself and I've learned that telephone calls and telegrams are pouring into WPB from all parts of the country."

This industry representative said at least one of WPB's industry divisions—which are responsible administratively to Eberstadt, not Wilson—had told questioners to "throw the thing in the waste basket" and disregard it.

ASK HIGHER PAY

Butler, Pa., Feb. 4 (AP)—Twenty-two married men teaching in junior and senior high schools have asked the Butler school board for a 15 per cent raise in pay over the Jan. 1, 1941, level. They asked a new salary scale with a \$2,700 annual to meet increased living costs.

Italian Ship To Be Used By Allies

A British anti-aircraft gunner keeps his Bofors gun trained on Tripoli harbor. The Italian ship in the harbor was torpedoed enroute to Tripoli but did not sink and will be used by the Allies. This is an official British photo radioed from Cairo to New York.

Special Victory Garden Plant Food Is Banned By Conflict Of WPB Orders

Victory Gardens must do without commercial plant food this spring, unless a tangle into which the WPB and the surplus commodities corporation have become involved can be straightened out.

A lack of plant food will seriously reduce Victory Garden crops, since the only other source of fertilizer would be animal manures which in this motor age are wholly inadequate to meet the demand.

Last December WPB order M.231, amended, authorized plant food manufacturers to sell to Victory gardeners a special Victory Garden Mixture, which should have the formula 3-8-6. That is, it should contain 3 per cent nitrogen, 8 per cent phosphorus, 6 per cent potash.

The order directed that the nitrogen should be 1/2-per cent chemical and 2 1/2-per cent organic.

The commodities credit corporation set aside 350 thousand tons of oil meals—soybeans, cotton seed, linseed and peanut—to provide the organic nitrogen for this mixture.

But when the plant food manufacturers were preparing to begin operations an order was issued by the commodities credit corporation cancelling this allotment, and prohibiting the use of any oil meal for fertilizer. It was needed, they explained, for cattle feed.

So the Victory Garden Mixture which the WPB authorized cannot be made, unless some other source of nitrogen can be found. The ex-

perts are all agreed that there is no organic nitrogen available; and that the only solution is to allow chemical nitrogen to be used.

An appeal to the WPB to permit this was immediately taken. Until this appeal is answered, no plant food can be made; and in the meanwhile Victory Gardeners are vainly trying to lay in plant food and wondering whether the tangle will be fed.

While chemical nitrogen has been forbidden to amateurs for lawns, flowers and vegetables as well, it is permitted for commercial growers of most crops including flowers and some others not used for food.

Of the total quantity of fertilizer used in this country, only a small proportion is required for the Victory gardens upon which it is estimated half the population must depend for adequate supplies of fresh and canned vegetables during the coming year.

The first United States postage stamps were issued on March 3, 1847.

STATE SCHOOL DIRECTORS IN 48TH MEETING

Harrisburg, Feb. 4 (AP)—The 48th annual convention of the Pennsylvania State School Directors association opens today with delegates representing 1860 districts intent on gearing educational programs more closely to the war effort.

As the directors opened their two-day sessions with a legislative council meeting, the state Association of School Board Secretaries began its one-day convention with addresses by Claude L. Hough, Jr., chief of the school and college section, War Production board, and Major Roswell P. Rosengreen, Intelligence branch, United States War department.

Francis J. McCabe, Lower Merion township, headed the retiring slate of officers which included M. W. Hempfield, Oil City, vice president; R. E. Boswell, Harrisburg, secretary; and J. D. Wallace, Penbrook, treasurer.

With 2,000 delegates representing both groups, a combined meeting is scheduled for tonight in the forum of the education building. Governor Edward Martin will extend greetings and C. Petrus Peterson, member of the Unicameral Nebraska Legislature, will be the prin-

Must Report Pay For Home Servants

Washington, Feb. 4 (AP)—Because of lowered income tax exemptions, many housewives who employ domestic servants may become acquainted for the first time this year with the government's annual information return.

Treasury officials said today that householders who paid more than \$500 last year to a domestic servant, if the servant was single, or \$1,200 if married, must report such payments on the "annual information return" to the Internal Revenue Bureau by Feb. 15.

Wilful failure to file a return is punishable by \$10,000 fine or a year in jail or both.

Principal speaker.

The directors association president, D. E. Taylor, of Freeport, will call for adoption of resolutions and election of officers tomorrow afternoon. Vice presidents now serving are Dr. Isaac Miles Wright, Allentown; Dr. C. Howard Witmer, Manheim township, Lancaster, and Dr. Alvie R. Livermore, Smithport.

Principal speakers scheduled for Friday include Dr. John E. Livingston, secretary of the Berkshire Knitting mills, Reading; Gill Robb Wilson, New Jersey state director of aviation; Dr. Wilson G. Guthrie, New Jersey director of health, safety and public physical education, and Dr. Henry H. Hill, superintendent of the Pittsburgh public schools.

No Air Raid Test Before February 17

Harrisburg, Feb. 4 (AP)—The possibility of an air raid test in Pennsylvania before Feb. 17 has been ruled out by revision of state blackout regulations to conform with new Army orders, the state Council of Defense announced today.

A. Boyd Hamilton, acting director of the council, said the state's rules are being revised under the directive issued by the Third Service command setting up a new system of yellow, blue, red and white alerts to indicate progressive stages of an actual or simulated attack.

STATE PLANS \$118 MILLION ROAD PROGRAM

Erie, Pa., Feb. 4 (AP)—Assurance that the state is setting up a \$118,000,000 road construction program for the post-war period was given the Pennsylvania Association of Township Supervisors at its convention here.

John U. Shroyer, the newly named Secretary of Highways, said the department has been working for some time on the program, which would provide jobs for many soldiers returning from the war, as well as orders for factories.

Maintenance Work
Little more than maintenance work can be done now, Shroyer pointed out, due to manpower shortage and lack of material.

The supervisors named James B. Helburn of Earnest, Indiana county, as president to succeed John F. Weaver of Lancaster.

Other officers chosen were George Good, Bangor, Northampton county, first vice president; George Potts, Bradford, second vice president; Hayes McCreary, Erie county, third vice president; H. A. Thompson, Drexel Hill, Delaware county, secretary; E. Dean Stanton, Westtown, Chester county, treasurer.

The association, in resolutions, commended Governor Martin's plan to return relief administration to counties; urged legislation to prevent annexation of parts of townships by cities without a referendum, and suggested provisions for widening the home rule form of government.

California has one of the nation's largest deposits of celestite, the mineral used to illuminate tracer bullets.

The Canal Zone was granted to the United States by a treaty with Panama on February 26, 1904.

Fairfield

Fairfield—Mrs. Myles Deardoff entertained the Bridge club on Saturday evening. Additional guests were Mrs. Malcolm Arnold and Miss Ethel Grave Allison. Prizes for high scores were won by Mrs. Anson Hamm and Mrs. Clarence Wilson.

Mr. and Mrs. Charles Knox have returned home from Philadelphia. While there Mr. Knox underwent an eye operation at the Wills Eye hospital.

The fire company held its regular monthly meeting Wednesday evening at the fire house.

TWO HELD IN DEATH PROBE

Havre de Grace, Md., Feb. 4 (AP)—Two Wilkes-Barre, Pa., men were held without charge today while police investigated the death of Harry Bryner, 57, also of Wilkes-Barre, who was found dying of head injuries early yesterday at the side of a highway near here.

State Police Lieut. Charles B. Durham identified the men held as Chester Pruitt and Carl Swanson, construction workers employed with Bryner at the Bainbridge Naval Training Station.

Durham said Pruitt told this story: While walking to their lodgings, he and Bryner were attacked by two negroes wielding pieces of wood. He ran back to town thinking Bryner had escaped to their residence. Returning two hours later he found Bryner unconscious and took him to a hospital where he died, then notified Havre de Grace police.

Durham said Swanson had been with both men in Havre de Grace during the evening.

Almost all of Mexico's vanilla output, one-third of the world's supply, originates in the state of Vera Cruz.

OFFERS TO AID WORKERS FIND NEW WAR JOBS

Harrisburg, Feb. 4 (AP)—H. Raymond Mason, state director for the U. S. Employment Service, announced today that USES offices throughout the state will make every effort to place in war jobs men whose occupations and activities have been classed as non-deferable under the latest Selective Service directive.

Pointing out that labor shortages already exist or are anticipated in 14 areas of Pennsylvania, Mason indicated the virtual certainty that men in reasonably good physical condition who apply to the employment service can be referred to war job openings or war job training.

Meanwhile in Philadelphia Louis B. F. Raycroft, regional director of the War Manpower commission, ordered an immediate resurvey of the occupational questionnaires of 100,000 workers who have been offered war work and have declined.

Reclassification—?
"The Employment Service offices are to segregate every questionnaire which lists the registrant in a non-deferable classification," Raycroft said.

"Then the service is to make immediate contact with the man involved and * * * point out that refusal to take the job almost certainly means reclassification as immediately available for induction."

Eighteen thousand Philadelphians in non-deferable work have applied for war jobs since the directive was issued, Raycroft's office said.

Mason said labor shortages exist or are imminent in Alliquippa, Allentown, Berwick, Erie, Harrisburg, Lancaster, Lebanon, New Castle, Philadelphia, Pottstown-Reading, Washington, Williamsport and York. "Approximately 500,000 workers will be needed this year in Penn-

Ask \$100,000 For Mineral Research

Harrisburg, Feb. 4 (AP)—A bill has been introduced in the House calling for an appropriation of \$100,000 for carrying on the research work of the school of mineral industries of Pennsylvania State college.

The measure was presented by Reps. Harry P. O'Neill (D-Lackawanna) and Bruno Kowalski (R-Luzerne). The research workers hope to discover new by-products of anthracite and bituminous coal and new uses for hard coal.

Under the measure, members of the anthracite and bituminous coal industry are to contribute a similar amount towards carrying on the work.

The project was started in 1939 and was continued by the 1941 Legislature.

sylvania," he said, "and as Selective Service withdrawals continue, the manpower situation may grow more stringent."

Mason said transfer to war work would not necessarily work a hardship on men affected by the new draft board regulation "since war jobs generally pay good wages, even at the start."

He urged persons affected by the Selective Service order to register promptly with their local USES office so suitable employment openings may be found before April 1, deadline of the new regulation.

SHERIFF'S SALE
In Pursuance of a Writ of Fieri Facias issuing out of the Court of Common Pleas of Adams County, and to me directed, will be exposed to Public Sale on Saturday, the 20th day of February, 1943, at 10 o'clock in the forenoon at the Court House in the Borough of Gettysburg, Adams County, Pa., the following Real Estate, viz:

All that certain lot or piece of ground with the buildings and improvements thereon erected, situate in the Borough of Littlestown, in the County of Adams and State of Pennsylvania, bounded and described as follows:

BEGINNING at a post at corner of lands of the Estate of W. A. Dutters, thence by said land South fifty-nine (59) degrees West about one hundred eighteen (118) feet to the East side of South Monarch Street; thence by said Street, North forty-one (41) degrees West about four hundred sixty-eight (468) feet to a corner at reserve road along land of the Littlestown Board of Trade; thence along said road, North fifty-nine (59) degrees East about one hundred eighteen (118) feet to line of land of said estate; thence by same, South forty-one (41) degrees East about four hundred sixty-five (465) feet to the place of Beginning.

ALSO ALL THAT CERTAIN tract of land situate in the Borough of Littlestown aforesaid, and bounded and described as follows, to-wit:

BEGINNING at the corner of other lands of said Littlestown Silk Company and on line of lands of the Estate of W. A. Dutters, deceased, thence by land of said estate, South fifty-nine (59) degrees West one hundred sixty-seven and five-tenths (167.5) feet to a point at a public alley; thence along the East side of said alley North forty-one (41) degrees West four hundred sixty-eight (468) feet to a point; thence North fifty-nine (59) degrees East one hundred sixty-seven and five-tenths (167.5) feet to a corner of the aforesaid other lands of said Company; thence by lands of the said Company, South forty-one (41) degrees East, four hundred sixty-eight (468) feet to the place of beginning; containing seventy-eight thousand three hundred ninety (78,390) square feet (1 acre and 12 3/4 perches) of land, more or less.

BEING THE SAME PREMISES acquired by Mortgagee from Littlestown Silk Company under agreement of consolidation between Littlestown Silk Company, Wahneta Silk Company and Chesapeake Silk Company dated December 8, 1932 and duly filed in the Office of the Secretary of the Commonwealth of Pennsylvania, as evidenced by letter patent dated January 23, 1933, and being the same premises which Littlestown Silk Company, as additional evidence of said transfer, did, by its deed dated March 16, 1933, duly recorded in the Recorder's Office, Adams County, Commonwealth of Pennsylvania, March 18, 1933, in Deed Book 132, page 190, grant and convey to Mortgagee, its successors and assigns.

And all buildings, furniture, fixtures, machinery and equipment located now in the hereinbefore described property listed, but not limited to the principal items, as follows:

41—Atwood Silk Winders 70 spindles
10—Silk Redrawers 70 Spindles
1—Silk Redrawer 30 spindles
34—Atwood 5 C Double and twist 80 spindles
7—Atwood 5 B Double and twist 96 spindles
20—Fletcher Twisters—Single Deck 100 spindles
8—Fletcher Twisters—double Deck 200 spindles
10—Universal No. 90 Winders 20 spindles
5—Atwood Reelers—24 ends each
6—Fletcher Duplex Machines 80"

Seized and taken into execution as the property of Wahneta Silk Company and to be sold by me
DANIEL J. WOLFE, Sheriff

Sheriff's Office, Gettysburg, Pa., January 13th, 1943.

Ten per cent of all sales by the Sheriff payable immediately after sale; if same is not complied with property will be resold.

IN GETTYSBURG FRIDAY and SATURDAY FEBRUARY 5th and 6th

In accord with the streamlined, rapid war-time tempo, the merchants of Gettysburg are attempting a Clearance Dollar Days of Fall and Winter merchandise in two days. Friday and Saturday. You will do well to attend this great town-wide sale because to accomplish the Herculean task, merchants realize price scales must be revised sharply downward. This special Bargain Edition will prove they have done their full share to make this one of the Biggest Dollar Days events in many years. Value is the Buy-word!

This is not a new event . . . it has proved itself to be the bargain highlight twice-a-year. This year with living costs creeping upwards, the reduced prices will be even more welcome than in former years. We suggest that you prepare your shopping lists from this Special Times Dollar Days edition so that you will lose no time in making your purchases. Know what you want and where to buy it. Start shopping Friday morning. Buy War Bonds with the Savings you make!

BILL JEFFERS FIGHTING FOR "MORE RUBBER"

By JOHN GROVER

There's moanin' at the bars where Washington red tape worshippers gather at the cocktail hour. They've "caught" a bear and can't let go—he's big, bald Bill Jeffers, U. S. Rubber Administrator.

Baldy Bill plays too rough for the gentlemanly practitioners of the job-holding art of slitting throats with a pleasant, public smile. He brings the best traditions of a railroad town payday brawl to his job, and his victims usually feel as if they'd been thoroughly stomped by a brake-man's boots.

The former president of the Union Pacific Railway is currently in hot water—the natural habitat of this Omaha bear—for declaring that war production was being held up by so-called Army and Navy expeditors "and other loafers."

Fearless Fighter
This is the first time any top-flight war executive has dared publicly to hack at the prize tree in the headgear orchard that is WPB.

That Army and Navy officials at cross-purposes have snarled up production schedules is the commonest sort of talk in the WPB press-room. No other executive, however, wanted to risk a public battle with the brass hats until Baldy Bill came roaring out of his den with a verbal half-brick in each paw.

Background of Big Bill's beef at the expeditors can best be shown by rhetorical example. Let's say a war plant has orders for Army, Navy and vital supply goods such as valves and controls for high octane gasoline manufacture, escort vessels and synthetic rubber plants.

An Army expediter comes along and puts pressure on a WPB district allocations chief for higher materials priorities for the gasoline equipment. The plant rearranges its production schedules on this basis.

About two weeks later, it's likely a Navy expediter will show up to learn that the Army's A-1-D priorities "rank" his escort vessel valves. So he bootfoots to the priorities boss, argues that escort vessels rate higher strategic consideration, and often gets a figurative A-1-B priority for the Navy stuff. (It can work either way.)

Change Schedules
Well, that necessitates re-arranging plant schedules again, with consequent slowing of output. Jeffers thinks that agencies like his, which

can't match the estimated 250,000 Army and Navy men engaged in procurement and production details, too frequently get what's left.

Escort vessels, high octane gas and synthetic rubber are the three "musts" on our program right now. It's Jeffers claim that required output in all three can be met if the rival services don't snarl up the job.

Baldy Bill exhibits all the political finesse of a runaway freight engine. If anything gets in his way when he's on a downgrade with the throttle open, it gets off or there's a mangled carcass along that federal right-of-way.

When Jeffers forthrightly spanked the farm bloc in the Senate for asking a slowdown of tire scheduling until the relative merits of cotton and rayon tire cord could be thrashed out, he won nationwide acclaim as a stand-up guy who wasn't afraid to talk out in meeting and knew where he was going.

That's what makes him so hard to smother. He's so doggedly willing to take his case to the public and—what's worse from a stuffed-shirt standpoint—the public loves it. Washington's official gentlemen don't consider it good form to indulge in public brawls. Outsiders like Jeffers usually discover that a "quiet settlement of differences" leaves them holding the bag.

1500 Coke Miners Go Out On Strike

Brownsville, Pa., Feb. 4 (AP)—A dispute about just what supplies a mine motorman has to haul led to a walkout of 1,500 men at the Maxwell mine of the H. C. Frick Coke company, John Komolo, International organizer of the United Mine Workers reported.

The men quit work after three of the motormen had been dismissed because of their refusal to haul the supplies, Komolo said.

The union leader added that John L. Lewis, president of the UMWA, and William J. Hynes, president of District 4 of the union, had telegraphed orders for the men to return to work pending handling of the grievance through regular channels.

Komolo said Lewis and Hynes have arranged for the mine committee to meet with Frick officers on Friday. Lewis and Hynes are in Washington attending a meeting of the organization's scale committee.

The Frick company, a subsidiary of U. S. Steel corporation, sends all of its coal and coke direct to steel mills.

A recent survey indicates that an average freight train of 59 cars is started on its way in the United States every 3.7 seconds.

LEWIS DEFIES WLB; DEMANDS PAY INCREASE

Washington, Feb. 4 (AP)—Girding for a showdown on the government's wage controls, John L. Lewis' United Mine Workers today called for a \$2 a day wage increase for the nation's 450,000 soft coal miners.

The proposed raise, which would boost the miners' basic wage from \$7 to \$9 a day, conflicts directly with the War Labor board's "Little Steel" formula—the government's wage yardstick.

The formula adopted last summer by the WLB limits increases, on the basis of cost of living adjustments, to 15 per cent of the wage paid on January 1, 1941. The miners, in the spring of 1941, won a \$1 a day wage increase which exceeded the 15 per cent.

In announcing the union's demand last night, Lewis repeated his denunciation of the "Little Steel" formula as "arbitrary and miserably stupid." Although acknowledging that the formula bars a \$2 a day increase, he said it had "a very compelling case."

Requires WLB Rule
"We might have to give back

Aged Woman Is Burned To Death

Uniontown, Pa., Feb. 4 (AP)—Investigating smoke pouring from the two-story frame house of Mrs. Rose Tyko, 70, in the nearby mining community of Furitan, a neighbor found the elderly woman enveloped in flames yesterday. Mrs. Tyko died before firemen arrived.

Deputy Coroner George Yoney said Mrs. Tyko apparently started the fire accidentally by lighting a match to remove some material from a trunk in a pantry.

something," he said, without explaining that statement.

Lewis also conceded the increase would bring higher costs for consumers, but expressed belief it would be "a modest figure."

Even if the mine operators grant the increase in a new two-year agreement effective April 1, the WLB will still get a chance to rule on it under its power to review voluntary wage agreements.

Negotiations on the two-year wage pact are scheduled to begin March 14, although former Senator Edward R. Burke of Nebraska, president of the Southern Coal Producers association, has proposed that the talks start on February 16. He said the earlier date would assure "sufficient time" to reach an agreement and prevent the possibility of work interruptions.

5 Judges Hear Attorney's Case

Philadelphia, Feb. 4 (AP)—Five U. S. district judges sitting as a special court resume hearings today on a recommendation that Morgan S. Kaufman, Scranton and New York attorney, be disciplined for "grossly unprofessional conduct."

The recommendation was made by three special examiners who investigated Kaufman's role in dealings between William Fox, bankrupt former movie magnate, and J. Warren Davis, former judge of the U. S. Circuit court.

Kaufman's counsel contended that the hearings opened yesterday that the examiners exceeded their authority and that evidence did not warrant their recommendation. Some testimony, he added, was hearsay.

The five-judge hearing was the first of its kind in the history of the Federal courts here. The jurists, sitting en banc, are William H. Kirkpatrick, George A. Welsh, Harry E. Kalodner, Guy K. Bard and J. Cullen Ganey.

The first railway dining cars in the United States were operated between Philadelphia and Baltimore in 1863.

QUICK WELCOME RELIEF FOR UPSET STOMACH

In 3 Minutes or Double Your Money Back

Delicious tasting; easy to take. No bottle; no mixing. For wonderful blessed relief from excess acid suffering, try famous STUART TABLETS without delay. At all drug stores 25c, 50c and \$1.20 under maker's money-back guarantee.

Sugar-Coffee Shoes-Rubber

You must decide which is most important to have from now on.

We can only get 40 to 60% of our last year's supply and that means you must wear your shoes and rubbers longer. As much as we want to sell you, honestly don't buy more than you have to have. That's funny talk from a shoe merchant but that's what HAINES THE SHOE WIZARD is telling you.

Our prices will not be higher but the quality of the shoes will not be as good as a year ago. All of which we have no control over whatsoever.

Yours for service and the best shoes on earth for the money.

You Can Have All You Want of THIS!!

We've always had it in stock, but right now we're pushing it harder than ever. It's the most wonderful product we ever had in stock.
IT'S OUR FAITH IN AMERICA.
If we can't sell you as many groceries as you want, we can at least do our bit to sell you - and keep you sold - on America.
We can sell you on our boundless optimism that we are going to win the war; we can sell you courage to keep going - and smiling - thru troublesome times, knowing darned well everything is bound to come out all right. It will too. We can lend a hand to encourage you to

keep on buying War Stamps and Bonds every chance you get, because we are doing that very thing ourselves.
And we can, above all, be cheerful, pleasant and helpful around our stores, even tho we are having troubles of our own in obtaining supplies. But what's a little inconvenience like that compared to a week's vacation on a raft in midocean, a fox hole on Guadalcanal, or a murderous Jap at our throats?
So come in today - any day - and get a lead of the big optimistic smile we're wearing for the U. S. A. these days.

Letters To The Editor

England

Dear Sirs: I've been in the Army now for almost two years and it is very generous of you to have sent me The Gettysburg Times which I enjoy reading a lot. It helps me to keep up with the news back home. I've been overseas for quite a while now and I'm enjoying every moment of my stay here so far. The English people overwhelm me with their generosity. They go out of their way lots of times to make me American boys feel as though we were at home. Ask them to do you a favor, and no sooner said than done. Oh, yes, the kids over here are always after us for souvenirs such as our money, buttons, and pins we have on our uniforms. Another thing they always want is our candy and chewing gum. This is what I have had a couple of youngsters say to me while walking on the streets, "Hey Mister" or "Hey Yankee" or something of the sort. "Got any candy or chewing gum?" Then if you said no, the kid would say in a quiet tone of voice, "How about a penny then? Could you give me one?" Well, if you said no it would break their heart. In some cases you must say no because you may not have any for yourself. I had a very nice Christmas despite not being at home. I spent Christmas Day at the English home of the girl I go with over here and I really enjoyed myself a lot. The family treat me as if I were their own son. Maybe some day I will be, who knows? Their name is Miller and the girl I go with a very nice young lady. Her name is Cecilia. Well, I guess I've said enough so I'll close sending all my best wishes to the folks back home and hoping they will keep America as beautiful as she always was. And remember folks, fight to the finish. This war cannot last forever, do your part as we do ours. Yours Truly, Pvt. John H. Lawrence.

Dear Sir: I've been receiving The Gettysburg Times since I've been in service. Being so far from home you can't imagine how much comfort it is to read about my buddies in service and also news of people at home. I'm going to a motors school here in Fort Riley and I don't hardly have time for anything but study. However I always find time to read The Gettysburg Times. It really is swell to know what is going on at home. I like the school real well and I'm working hard for my diploma. There are fellows here from all over the U.S. and they really are

a swell bunch. We really are getting along fine, and we would be a hard bunch to lick. We are all anxious to go overseas and do our part. Thanking you for your interest and hoping you keep up the good work I remain. Corp. Robert L. Cline, Fort Riley, Kansas.

Dear Sir: On behalf of the people of Adams county and the young men who are about to enter our armed forces, I am writing this letter by request. I am still at Camp Forrest, Tennessee. Our men are doing fine and are buried deep in their work. Adams county has a large number of men in the 80th Division. They are seriously taking advantage of every bit of training they can get in which the enemy will feel the effects in due time. We expect to accomplish the maximum honors in the battle if we get a chance at the front. I have studied the men very closely and find our boys from Kentucky, Ohio and Pennsylvania rural districts are our finest marksmen. Of course I can thank our sportsmen's clubs and our Game commission of Pennsylvania for our marksmen. From Adams county and the state of Pennsylvania we had, in 1937, 600,000 sportsmen armed with high-powered rifles in our big game sections. This qualified young men to shoot at any range. I am an expert machine gunner, expert pistol, high-sharpshooter on the rifle. All our boys from Adams county are qualified marksmen. It is amazing and gratifying to know our home folks are doing everything they can to help the men and women in the armed forces to the extent they give everything they possibly can to the Red Cross and USO. The bond sales are above the quota. You folks at home have been called on to help Uncle Sam. You have answered that call with that old spirit that all Adams countians were born with; and "Uncle Sam" will kick out of Hitler and will return to you a boy or a girl who you will be so patriotically waiting for. Remember, dear friends, there is a Star Spangler Banner waving in every corner of the world. We who are in the service are going to keep it waving. The "Times" has done a wonderful service for the men and women from Adams county. I want each member of the Times Publishing company to know I can not express my appreciation in words for the news they furnish me without charge. I have not seen any other man here who receives a paper from his home free of charge. There may be other company's doing this, but I have not heard of any yet. PVT. WALTER M. PRESTON, Co. "F", 318th Inf., Camp Forrest, Tennessee

Dear Sir: I am writing you a few lines to let you know that I am well and I sure hope that you are the same. I received your letter and was very glad to hear from you. I sure do like to read The Gettysburg Times. I can't write so much now because I don't have the time but I wanted to write to you and let you know that I received your letter and was very glad to hear from you. I guess that you are very busy now. Well I am sorry but I will have to close now. Your friend, PVT. EDWARD RUMMELL, 357 QM Service Co., APO 923 c-o Postmaster, San Francisco, Calif.

Dear Sir: I want to thank The Gettysburg Times for much enjoyment and lots of advantages I personally have had in receiving the paper during the last sixteen months I have served in the Army. Many boys used to wait for their turn to read the paper while stationed at different posts in Georgia, Maryland, Virginia and the District of Columbia. For over a year now I have been attached to what is the oldest Infantry regiment in the U. S. Army, the 176th Infantry, which originally was part of the Virginia National Guard. It was found under orders of George Washington. I believe it was part of the Confederate forces in the battle at home. Incidentally, I never got into that much coming from Gettysburg. At present I am on detached service attending Motor Transport school here. When finished I expect to rejoin my regiment, which is stationed in Washington, D. C. Today we found one of us had a case of measles so our barracks is confined. Pay day now adds to the jingle in our pockets—no place to go, or a way to spend it! My best to those at home. P.S. The USO certainly has been a help to men in service wherever I have been stationed. PFC DAVID FORNEY, 6th Prov. Co., Holabird Ord. Depot, Baltimore, Md.

Sincerely yours, S-SGT. ERVIN BUTT, New Guinea

Dear Sir: I have been receiving your paper ever since I have been in the army and I am very glad to receive it. I always like to hear the news from home and the other boys here like it too as most the boys are from Pennsylvania and New York. I have been going to school the last four months and have now graduated so I have been moved to another squadron and made an instructor in the airplane mechanic course that have completed. I wish to thank you for sending me the paper and appreciate it very much. Donald E. Kemper (P.P.) 415 T.S.S. Gulfport Field, Miss.

Eight million members of the U. S. armed forces were carried in Pullmans on American railroads in 1942.

DEVOE HAVE YOU A PROBLEM WALL?

DEHYDRAY "The Dehydrated Flat Wall Paint" COVERS EVEN WALLPAPER IN ONE COAT!

Now, with Dehydray, painting a room is no job at all. You can forget all about primers, sealers, and thinners and have beautiful new walls in about three hours. Dehydray leaves no "painty" smell—it dries in an hour!

BIO-MINERAL FOR BETTER HEALTH!

MEDICAL SCIENCE for many centuries has believed in the curative properties of minerals. Now, as never before, doctors are stressing the importance of Minerals. The cry is: MINERALS!!! MINERALS!!! We are told that "WE ARE WHAT WE EAT!" Foods lacking in minerals are often the cause of many ailments, such as: Teeth decaying, eyesight failing, nervousness, constipation, general run-down condition and the above mentioned diseases.

BIO-MINERAL is a rich solution of Natural, Life-Giving minerals. Pharmacists-chemists do not make it. It comes from the depths of the earth, Nature's laboratory. Is not Mineral Oil, physic or drug... but a group of highly concentrated minerals—the same minerals of the famous springs—the oldest and most reliable remedy for Rheumatism, Arthritis, Stomach and Kidney disorders, recommended by doctors, hospitals, sanatoriums, naturalists and specialists.

BIO-MINERAL is NOT Mineral Oil, physic or drug. Contains NO alcohol, NO harmful drugs, NO dope, NO oil... NOT a SINGLE habit forming ingredient. It works in your intestines, neutralizing, throwing away waste material, gas, toxins and bloating. Not like physics, oils and cathartics do... but in a natural, harmless, painless way—doing a real "house-cleaning."

With Your Own Eyes! See and Believe!

IF YOU SUFFER occasional constipation and other common stomach disorders, watch your elimination from your bowels after taking BIO-MINERAL. In 2 or 3 days, the waste, black as coal and hard as rock may break from the walls of the colon, and you will see it in the stool. It is almost unbelievable that such waste could be in your intestines UNTIL YOU SEE IT!

After 3 DAYS examine your urine. You may see small pieces of white stone, threads and crystal-like matter, which should not be in your system—POISONS—coming out, relieving you! These poisons, collecting there probably for years, like rust in an old iron pipe, were weakening your kidneys and ruining your digestive system.

WE ASK YOU to try BIO-MINERAL to SEE with your own eyes!... the relief you get from your ailments. You may UPROOT and drive them OUT of your system. Regardless of how long you have been suffering. It takes only 3 days to prove it. To SEE—NOT to guess the results. BIO-MINERAL is easy to take and safe for delicate organisms. Diluted in water, is like drinking rich mineral water from a mountain spring—Life-Giving Water. Try it! It is marvelous.

This affected colon is often the cause of many ailments, leading to serious complications. It should be corrected. USE BIO-MINERAL

AN IDEAL HEALTHY COLON With BIO-MINERAL, you can keep the colon clean and healthy, eliminating the accumulated poisonous matter.

A serious chronic condition. Constipation, piles, colitis, appendicitis, other diseases may be developed. Beware! USE BIO-MINERAL

BIO-MINERAL—SPECIAL OFFER! 2 BOTTLES \$1.85 — 3 BOTTLES \$2.75 — 1 BOTTLE \$1.00

GUARANTEE WE WILL REFUND YOUR MONEY IN FULL IF YOU ARE NOT SATISFIED AFTER TRYING BIO-MINERAL FIVE DAYS

MEN DRESSING BETTER DUE TO WOMEN AT WORK

McKeesport, Pa., Feb. 4 (AP)—Wives of war workers have a new household budget problem—all because of women workers in the plants—the Public Health Nursing association reports.

The men are becoming more particular about their attire, says Mrs. Mabel Deshong, supervisor of the association's Monongahela-Youghiogheny sub-station who made the study.

"With girls in their departments, the men want more shirts, more shoes and more manicures," Mrs. Deshong says.

The men don't want beauty parlor manicures, she hastens to explain, but they are taking more time to clean up their grime-stained hands, and that takes more soap.

No Torn Clothes
Other observations in the report: Instead of two clean shirts a week the men want three or four; instead of wearing torn clothing on the job, they now must have working clothes which at least "keep them decent" in the eyes of their women co-workers.

Nurses of the association visiting in mill towns, the report states, have found that many workers are becoming ill from using unfamiliar new materials having health hazards with which they are unacquainted; others are undergoing mental tension from working on secret processes about which they cannot talk about even with their own families; some are unhappy on their jobs because of inadequate living quarters or inability to obtain domestic help.

Hampton

Hampton—Mrs. Frank Decker was a Wednesday dinner guest of Mr. and Mrs. George Frank, Hanover, and is spending the remainder of the week with her son-in-law and daughter, Mr. and Mrs. William Menges.

The local Boy Scout troop met Tuesday evening in the local school. Tests were passed and games were played. The meeting was in charge of the scoutmaster, D. E. Myers.

Announcement has been received here of the coming marriage of Corporal Carlton R. Clem, Pensacola, Florida, to Miss Mary Scott, Statesboro, Georgia. Corporal Clem's mother was formerly Miss Marie Crist, of this place.

The infant son, born at the Hanover hospital last week to Mr. and Mrs. Roy Rinker, has been named Gary Wayne.

Mr. and Mrs. D. E. Myers made a business trip to Philadelphia Monday.

Technician Sergeant Morris L. Ensor, Washington, D. C., is spending a five-day furlough with his father and aunt, William J. Ensor and Miss Bernice Crist.

Corporal William Megonnell left Sunday for his post in Florida after spending an 11-day furlough with his parents, near town.

J. Curtis Marquet, who is stationed at a camp in Kentucky, has been promoted to a private first class.

WAR CHEST TOP GOAL
Altoona, Pa., Feb. 4 (AP)—Altoona's war and community chest drive passed its \$150,000 goal yesterday in the tenth day of the campaign. The money will be divided equally between the two funds.

Bonneauville

Bonneauville—The National Council of Catholic Women held its regular monthly meeting Monday evening in St. Joseph's hall with the president, Miss Rita Sneeringer, presiding. After regular business was concluded Father V. Flickenstein gave an interesting talk of his travels through different parts of the country, particularly stressing the importance of the close cooperation of members of a community.

After adjournment bingo was played. Twenty-one members were present.

Miss Helen Weaver returned Saturday evening from Chicago where she visited friends for several days.

Mr. and Mrs. John McMaster announced the birth of a son, Larry Edward, last Thursday.

The Rev. V. Flickenstein, of the

WOULD SEIZE 7 MILLION CARS

By WILLIAM F. ARBOGAST
Washington, Feb. 4 (AP)—A War seizure of an estimated 7,000,000 private passenger automobiles and the fifth tire on all the nation's 27,000,000

passenger vehicles went into the record of a Congressional committee studying the rubber situation Wednesday.

It came from Undersecretary of War Robert P. Patterson, one of three witnesses who testified Tuesday concerning a bitter priorities fight between the Army and the Navy on one side and Rubber Director William M. Jeffers on the other.

Patterson told a joint House Naval-Military committee that seven recommendations he had made to Jeffers last December for conservation of rubber had not been acted on.

In addition to seizing all passenger car spare tires and all passenger vehicles in excess of 20,000,000—the owners to be reimbursed by the government—Patterson said he had recommended a ban on all Sunday and holiday driving that was not directly connected with the war effort; a ban on the long distance hauling

of freight and passengers by trucks and buses; restriction of the use of commercial trucks, including a prohibition against carrying such articles as beverages and luxuries; wider use of reclaimed rubber for truck tires.

Vanilla is the dried pod of one of the orchid family of plants.

SENTENCED IN KILLING

Mercer, Pa., Feb. 4 (AP)—John Desantis, 44, of Sharpsville, who pleaded guilty to second degree murder in the fatal shooting of Angelo Lombardi, also of Sharps-

ville, in September, was given a 10-to-20-year sentence Monday by Judge George Rowley. The shooting occurred in front of the house where both men roomed, following an argument.

INDUSTRY MUST EMPLOY OLDER WORKERS - FORD

Philadelphia, Feb. 4 (AP)—Edsel Ford, president of the Ford Motor company, said today that within a few years industry must "emphasize" the employment of men and women in the forty-and-upward age groups or prepare to operate in a radically changed economy.

In a Saturday Evening Post article explaining why the Ford company employs aged and physically handicapped workers, he said hundreds of his employees in their seventies do good work on machines, and added:

"Within another few years the median age in the United States * * * will be probably about 41 or 42—in other words, there will be as many persons over that age as under it.

Economically Sound

"Industry must make up its mind that it is going to emphasize the employment of those persons in the forty-and-upward group, or else the younger people will have to support their elders and themselves.

"That merely will aggravate the situation, for it will mean that persons will be marrying later in life and be in their middle years before the period of accumulation begins."

Ford commented that it is economically more sound to keep able-bodied men and women earning incomes and buying goods, and said "those who look forward to tomorrow's constructive activity have no time to grow feeble."

"No one feels that men of 60, or even 70 and 80, are too old to drive cars," he added. "And as long as a man has the judgment and ability to drive an automobile he has the judgment and ability to operate an industrial machine."

Jobs for Handicapped Workers

Ford also said that a recognition of the usefulness of the physically handicapped is spreading to all industries and services. The Ford company, he reported, employs 1,208 totally or partially blind men, 111 deaf mutes, three armless men and ten legless men, and altogether 11,163 persons in various stages of disability.

All receive full pay and "give full value for their wages," he said, "and their tasks are carried out with no allowances or special considerations."

East Berlin

East Berlin—Private Earl Cleaver, son of Mr. and Mrs. Harry Cleaver, who has been stationed at Jefferson Barracks, Missouri, has been recently transferred to Hammer Field, Fresno, California.

The thirteenth birthday of Peggy Ann Moul, only daughter of Mr. and Mrs. George W. Moul, was celebrated at her King street home on Friday.

Sergeant Ellis Himes, of this section, has been transferred from Fort Eustis, Virginia, to Richmond.

Private Donald Trimmer, son of Mr. and Mrs. Harry Trimmer of Hamilton township, is studying aviation mechanics at Amarillo, Texas.

A total of \$507.25 was collected by students at the local public school from their recent sale of magazines. The largest number of sales were made by Grace Elgin, of the seventh grade, who sold \$43 worth of magazines. The second place went to Gene Mummert, a high school freshman, whose sales amounted to \$30.50.

Mrs. J. Harry Sinner, who was admitted to the Harrisburg hospital shortly before Christmas underwent an operation there, has returned to her West King street home.

Mrs. Annie Jacobs Brown, of Locust street, observed her eighty-first birthday during the past week at the home of her daughter, Mrs. Norway Brown Lau, of Littlestown.

Mrs. Lucy Linebaugh, West King street, had as recent guests at her home her daughter-in-law, Mrs. Ralph Linebaugh, and son, Larry, of Shiloh.

A visitor here during the past week was Jere Raffensperger of Henry, Illinois, who was en route for Fort Eustis, Virginia, where he has been commissioned a first lieutenant. He visited in East Berlin at the homes of his aunts, Mrs. Mary Gentzler and Mrs. Annie Renoll, and of his cousins, Mr. and Mrs. John E. Gentzler and Mr. and Mrs. Charles L. Gentzler.

Private Kenneth E. Burgard, a recent inductee into the army, who is serving at Fort McClellan, Alabama,

CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster—Now her Backache is better.

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pink Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Gen. Montgomery In Tripoli

Lt. Gen. Sir Bernard L. Montgomery (right) head of the victorious British Eighth army dictates his terms to the governor and officials of Tripoli and Tripolitania at Castel Benito gate. (Picture by radio from Cairo to New York.)

has been chosen as one of the twelve men to make up a special training class at the army post. There were three hundred original applicants. Private Burgard is a son of Charles Burgard, of Abbotstown street, and a grandson of Mrs. Minnie B. Sunday with whom he made his home on York street. He is a graduate of the class of 1938 from the local high school.

To Speed Buying Of School Lunch Supplies

Harrisburg, Feb. 4 (AP)—Food for school lunches will be bought closer home in many Pennsylvania areas under a new plan announced Wednesday by the Federal Food Distribution Administration.

Theodore J. Wilson, FDA state supervisor, said the plan calls for farmers and local merchants to supply schools with certain foods including eggs, cheese, butter, variety meats, peanut butter, honey, all fresh vegetables, fruits and evaporated milk. This list is expected to be enlarged later, he said.

He pointed out that the present system of distribution involves storing of lunch foods in 11 state warehouses and distributing to certified schools through the state Department of Public Assistance.

This system, he said, faces increasing operating difficulties because of shortages of manpower, warehouse facilities, trucks, tires and gasoline.

An administrative system under which local school boards will be reimbursed by the federal government for commodities, at a maximum rate of seven cents per child per meal, is being worked out with the Public Assistance department, Wilson said.

Virginia Mills

Virginia Mills—Mr. and Mrs. Lloyd Shindeldecker and son, Lee, and daughter, Janet, of Pittsburgh, spent last Wednesday evening at the home of his mother, Mrs. William Shindeldecker, and family.

ated milk. This list is expected to be enlarged later, he said.

He pointed out that the present system of distribution involves storing of lunch foods in 11 state warehouses and distributing to certified schools through the state Department of Public Assistance.

This system, he said, faces increasing operating difficulties because of shortages of manpower, warehouse facilities, trucks, tires and gasoline.

An administrative system under which local school boards will be reimbursed by the federal government for commodities, at a maximum rate of seven cents per child per meal, is being worked out with the Public Assistance department, Wilson said.

Virginia Mills

Virginia Mills—Mr. and Mrs. Lloyd Shindeldecker and son, Lee, and daughter, Janet, of Pittsburgh, spent last Wednesday evening at the home of his mother, Mrs. William Shindeldecker, and family.

Mr. and Mrs. Carl Yoder, of Baltimore, who were recently married, and Mr. and Mrs. Frank Yoder, of Orrtanna, were the guests Saturday at the home of Mr. and Mrs. Allen Currens and family.

ALLIES WILL HELP TURKEY AGAINST FOE

(By The Associated Press)

London, Feb. 4 (AP)—Prime Minister Churchill, carrying forward the Allied pattern for conquest of the Axis designed at Casablanca, has flown to Turkey at the very edge of Hitler's troubled European domain and agreed with President Ismet Inonu, among other things, on plans for bolstering Turkish defenses, it was announced officially Tuesday.

Churchill carried the greetings of President Roosevelt to President Inonu and, coming directly from the historic war strategy conference at Casablanca, gave a broad and unmistakable warning to Hitler against springing offensive in the direction of Turkey.

The British and Turkish leaders, accompanied by military and political advisers, discussed in three meetings Saturday and Sunday the entire European situation, giving particular attention to "those regions in which Turkey is directly interested," the British communiqué said.

To Help Turkey

These regions include the Nazi-dominated state of Bulgaria on Turkey's northern border, where Hitler frequently has been reported building up an army, and the German-occupied countries of Greece and Yugoslavia.

Turkey, strong on determination, but weak on the kind of equipment needed to fight a modern invasion, has been standing fully mobilized at one of Europe's hottest corners for months. President Inonu has held his nation rigidly on a neutral path, although the relation to Britain is more one of "benevolent neutrality."

"Agreement was reached," it was announced "on the manner in which Great Britain and the United States would be able to help Turkey materially to consolidate her own general defensive security and conversations on that subject took place between Turkish and British military leaders."

THREATENED ROCK FALL

Pittsburgh, Feb. 4 (AP)—Overhanging rock masses weighing as much as 100 tons were pointed out to city councilmen by Works Director Frank M. Roessing in a tour of the city. Declaring these rocks might cause a tragedy like that which took 23 lives at Aliquippa recently, Roessing recommended their removal at a cost of around \$370,000.

Russians Enter Schlusselfburg

Russian automatic riflemen race forward to dislodge Germans from the outskirts of the stronghold of Schlusselfburg. Russian recapture of the city broke the Nazi siege of Leningrad. This photo was radioed from Moscow to New York.

New Oxford

New Oxford—Mrs. Lloyd Shank, daughter of Mr. and Mrs. Frank Haar, of near town has left for Taft, California, where she has gone to join her husband who is stationed in the army there.

Mr. and Mrs. M. G. Colestock, of Hanover street, recently observed the forty-ninth anniversary of their marriage.

Mr. and Mrs. Allen Brashears, of Hanover street, have been informed that their son, Private Bernard Brashears of the U. S. Marines, is at Parris Island, South Carolina.

Local Boy Scout Troops, No. 85, in charge of Scoutmaster Merrill Yohe, and No. 86, in charge of Scoutmaster Thomas D. O'Brien, here recently where they were shown educational motion pictures.

Blaine W. Miller, son of Mrs. Lulu Miller of this place, has returned to his studies at Temple University, in Philadelphia, after spending his mid-semester vacation at his home.

The Misses Maria Noel, Kathryn Alwine, Leah C. Smith, Helen Lawrence, Betty Breighner, Anna Poist and Mary Benchoff have completed

the standard 20-hour course in first aid sponsored by the Red Cross.

Fred Livingston, Lester Rider, H. A. Jones, Richard Livingston, and Francis Moore have completed the ten-hour first aid course required for members of the Civilian Defense Corps.

Mrs. J. Arthur Donohue, of Hanover street, was hostess at the recent meeting of the Ladies' 500 club of New Oxford.

Charles L. Eicholtz has returned to his home on Lincolnway east after being a patient at the Hanover general hospital for several weeks.

Mr. and Mrs. F. S. Smith have had as a house guest at their Hanover street home, Mrs. E. R. Trimmer, of Harrisburg.

The newly born son of Mr. and Mrs. John Carbaugh, Pleasant street, has been named Joseph Paul Carbaugh. He was christened during the past week at St. Mary's Catholic church here by the pastor, the Rev. Robert D. Hartnett. The godparents were: Miss Marie Carbaugh of this place and Norman Overbaugh, of McSherrystown.

Miss Dorothy Miller, daughter of Mr. and Mrs. Charles Miller, spent a short vacation at her Pleasant

street home between semesters at West Chester State Teachers' college where she is a sophomore.

PPC Clyde Staub, of this section, who has been at Camp Lee, Virginia, has been transferred to Nashville, Indiana.

Mr. and Mrs. J. H. Duttera observed their fortieth wedding anniversary on Friday at their home on Lincolnway west.

Mrs. Theodore Smith, Lincolnway east, had as a guest during the past week her sister, Miss Velma Bowman, of Richmond, Virginia.

Mr. and Mrs. Harry Swain, Lincolnway east, have been entertaining their son, Private Harry Swain, Jr., of Nashville, Tennessee.

The seventy-fifth birthday of T. E. Warner was observed during the past week at his Hanover street home.

The New Oxford high school band conducted an election of officers during the past week with these results: President, James Stock; vice president, Doris Jean Myers; secretary, Fern Moul, and treasurer, Robert Donohue.

A daughter was born during the week at the Hanover general hospital to Private and Mrs. Leon McSherry, of this place. Private Mc-

Abbottstown

Abbottstown—Mr. and Mrs. Winemore Doll and son, Barry, moved to the home of Mrs. Doll's parents, Mr. and Mrs. Edward Krout. Mr. Doll left for the Army today.

Mrs. Helen Haines is a substitute teacher at Mud College taking the place of Mrs. Baker, Gettysburg, who is ill.

Mr. and Mrs. William Moose moved Monday from the former Paul Chronister property to York.

Mrs. Ella Hammond, Baltimore, spent the past week at the home of Miss Melle Eisenhart.

JUDGE LOSES VOICE

Pittsburgh, Feb. 4 (AP)—Common Pleas Judge Sara M. Soffel became on Monday the first woman jurist to sit in Allegheny criminal court. Suffering from laryngitis, she couldn't speak above a whisper. But she made herself understood with a gavel and the services of a friendly tipstaff.

Sherry is now stationed at Camp Van Dorn, Mississippi. The mother is the former Miss Pauline Myers, of New Oxford.

COMMITTEES TO HELP SPEED ASSEMBLY BILLS

Harrisburg, Feb. 4 (AP)—Senate and House leaders Wednesday predicted increased activity in the legislature when a new policy of stepped-up committee work begins to show results.

Because of the present brief, routine sessions of the Assembly, the 73 committees have more time to consider proposed legislation.

"With more time allotted to committees we'll speed up floor work later, and that means a short session," commented Rep. Franklin H. Lichtenwalter, Republican House leader from Lehigh.

He said "the entire machinery of the Assembly depends on committees" and added the additional time given committees will save printing costs, time on the floor and do away with "amendment patching" of bills reported out without due consideration.

"As soon as we get a sizeable calendar of bills, we'll start thinking of four-day sessions," he said.

Senator Weldon B. Heyburn, Republican upper chamber leader from Delaware, said "the work is being done mostly in committees and will be reflected later on the floor of the Senate."

Many Bills Ready

Both Houses faced calendars of a score of bills as they returned to work Wednesday, the Senate meeting at 10:30 a. m. and the House at noon.

A proposal to open union records to the public brought criticism from both James L. McDevitt, head of the State Federation of Labor, and John A. Phillips, state CIO president. They said they plan to fight the bill, introduced by Senator George Woodward (R-Philadelphia).

Among committees holding long sessions, the House Appropriation and Senate Finance groups are seeking ways to cut costs of government operation without impairing efficiency.

Rep. Walter E. Rose, Republican House whip, said meetings with Governor Martin are planned for further suggestions on the Governor's request that overlapping and frills be eliminated.

The first partisan controversy of the session highlighted an other-

wise routine House session yesterday, when Rep. Reuben E. Cohen, Democratic floor leader from Philadelphia, pressed for action on a bill to repeal the 1942 four-mill personal property tax.

Lichtenwalter said it would be "poor judgment and poor management" to enact the bill because revenue from the levy has been pledged to redeem tax anticipation notes—used to obtain commonwealth funds on a short-term basis.

House Passes First Bill

The House passed its first bill—permitting school boards to fill vacancies created by members going into armed services—and concurred with a Senate resolution to extend the life of the Anthracite Subsidy commission for six weeks to permit a final report and recommendations on mine cave-ins.

Meanwhile, the Senate approved its second bill—providing that proceeds from insurance held by the state on institutions to protect liens be used by the Department of Welfare to repair damage done by fire and other casualty. It also voted to meet next Monday at 5 p. m. instead of 9 p. m.

The Senate named former Senator Charles A. P. Bartlett, Northampton county Republican, Senate librarian to succeed Alex S. Cooper, who has resigned. The job pays \$4,500.

Additional bills presented in both Houses brought the total for the 1943 session to almost 300.

SOMERSET TAXES CUT

Somerset, Pa., Feb. 4 (AP)—Treasury balances piled up in the last few years enabled Somerset county commissioners to cut the county's tax to 5 mills Monday. This is 3 mills under last year and 7 mills under the 1930-1941 rate. W. K. Walker, president of the commission, said the county balance Jan. 1, 1940, was \$96,582 and that this amount grew each year until it was \$261,438 on Jan. 1, 1943. Other members of the commission are D. J. Beachley and E. C. Johnson.

JOIN HONOR ROLL

Pittsburgh, Feb. 4 (AP)—Eight western Pennsylvania firms have been added to the war bond honor roll and will receive insignia for 90 per cent employee participation in 10 per cent payroll deductions for victory bonds. They include: Sharon Steel Corp., Sharon; Paragon Manufacturing Co., New Derry; Standard Railway Equipment, New Kensington.
